

ART

Going back in time...

Take a look at what Egyptians painted and carved. Do you think they thought they were making art for us to study years in the future?

Your art task is to look at Egyptian art and describe it in your own words.

Draw some examples of hieroglyphics and create your own.

Observe portraits by Egyptians and compare them to portraits now. (Crazy)

Put all your knowledge together to create a Egyptian inspired portrait, hieroglyphic background and a wonderful headdress or crown!

Use various supplies and be creative when possible.
