

## eSchoolview Adding or Removing a Window #2

**Adding a Window #2:** It's easy to add a second window, but you must change some settings.

\* First, click Add Content Window.

[View This Content Page \[ClassroomRules1.aspx\]](#)

 Delete

---

**+ Add Content Window**

General Settings | Window #1 Content | Move Content | Move Page

**Page Settings & Opti**

Page Title: Classroom Rules

\* Then, fill in the Window width, margins, etc (see below), and click Add Window.

---

**+ Add Content Window**

Window Width(px): 215

Left Margin(px): 10

L/R Padding(px): 15

Component Spacing(px): 10

BG Color:

BG Image:  No file selected.

---

General Settings | Window #1 Content | Move Content | Move Page

\* Then, Click on Window #1 and change the Window Width to 510, and Click Save.

---

ngs | Window #1 Content | Window #2 Content | Move Content | Move Page

je Component

Please delete all page components to remove this window

**Window Sizing/Configs**

Window Width(px): 510

Left Margin(px): 15

L/R Padding(px): 0

Component Spacing(px): 10

BG Color:

BG Image:

This will give you a Window #1 and Window #2 that will fit across the width of the page.

## Removing a Window #2: First, you must remove all the page components.

General Settings | Window #1 Content | **Window #2 Content** | Move Content | Move Page

+ Add Page Component

Please delete all page components to remove this window
