

Board of Education President's Report

Rob Felber

October 19, 2016

Good evening and welcome to the students, staff and families from Wilcox Primary, George G. Dodge Intermediate and Twinsburg High Schools.

This is the meeting of the Board of Education for October 19, 2016. I am Rob Felber, president of the Board of Education.

There's a chill in the air and the leaves are falling. The first quarter of the school year is over and we now settle in for what most of us hope is a light winter. Well, not everyone wants a light winter so I thought now is a good time to remind everyone about the thought and concern that goes into making the decision to close school due to weather. I now have three years on the board and have personally witnessed our superintendent drive our roads, confer with three different municipality road crews, and area superintendent. The decision to close is always a tough one, but please note it is not an arbitrary decision.

Congratulations to our fall athletes and good luck in playoffs. And we're excited to witness many of the upcoming concert performances from our very talented students. And, speaking of students and seeing all the bright and energetic faces of our students I'll now turn the meeting over to Mrs. Powers for the Superintendent's report.
