

# SECRET MESSAGE MATH

Name \_\_\_\_\_

Can you decode the message? In each row, determine the bases, faces, or lateral faces, as specified. You may need to draw the 3D object, or the net, on a separate piece of paper. Circle the letter next to the greatest value in each row. The first one has been completed for you.

1	Number of bases on a triangular prism <b>2</b>		<b>G</b>	A	Number of bases on a triangular pyramid <b>1</b>	
2	Number of bases on a rectangular prism		E	L	Number of bases on a square pyramid	
3	Number of total faces on a triangular prism		W	O	Number of total faces on a cube	
4	Number of total faces on a rectangular prism		M	A	Number of total faces on a square pyramid	
5	Number of total faces on a triangular pyramid		Y	E	Number of total faces on a triangular prism	
6	Number of lateral faces on a cube		T	S	Number of lateral faces on a triangular pyramid	
7	Number of lateral faces on a triangular prism		D	R	Number of lateral faces on a square pyramid	
8	Number of lateral faces on a triangular pyramid		R	Y	Number of lateral faces on a rectangular prism	
9	Number of triangles needed to build a triangular pyramid		A	S	Number of squares needed to build a cube	
10	Number of triangles needed to build a square pyramid		T	W	Number of triangles needed to build a triangular prism	
11	Number of squares needed to build a square pyramid		A	I	Number of squares needed to build a triangular pyramid	
12	Number of rectangles needed to build a triangular prism		T	R	Number of triangles needed to build a square pyramid	

Read the message from top to bottom. What does it say? \_\_\_\_\_

(Hint: It's what you are if you decode this message.)
