THS 2018 Graduates mark the time of their lives!
Class of 2018

The 2018 graduates mark the time of their lives continued from page 1

“Your parents’ eyes审议通过 you as you were on your first day of Kindergarten. That very special day as you entered the school for the first time, with a backpack, folders and you’re parents standing bravely, waiting at the bus stop for you next to your teachers. Teachers talked about the graduation as another moment and another moment is their lives and looking back to the challenge of the Class of 2018. This challenge is not just in the school, but in the lives of these students. Each moment will shape you for the future as well. Change and, remember, once a Tiger always a Tiger. The presentation of the “Top Ten Students” included Lianna Chaudhry, Yashoda Vyas (Economics/Political Science, Case Western Reserve University), Hebba Kaddah (Chemistry/English, University of California, Los Angeles), (Computer Engineering, Vtech Technology University), Elliott Bangert (History, University of Notre Dame), Jasti Clemente (Business Economics, College of Wooster), Jared Bray (Accounting/Economics, University of Texas at Dallas), Anwar Singh (Aerospace Engineering, Purdue University), and Joseph Konik (Mathematics, John Carroll University).

THS Class Secretary, Cassidy Liotta, shared special recognition, national awards, and noted the 26,269 hours of community service provided by the Class of 2018, including 12,000 hours of Terry Teringo’s assistant principals presented the requirements set forth by the State Board of Education for the Class of 2018. The graduates eagerly moved forward to where there is no greater distance than you and your parents standing together for the first time, with a backpack, folders and your parents standing bravely, waiting at the bus stop for you each day.
