

# Social Emotional Learning - Online Courses through EverFi

Over the break, it is imperative to continue our learning with academics but also our social emotional learning. Please join us in taking a “course” online that offers funny and informative cartoons, interactive lessons and inspiring content.

The two courses, *The Compassion Project* and *Character Playbook*, are FREE and accessible with the below information:

## Students:

go to [platform.everfi.net/login](https://platform.everfi.net/login), click **Register**, enter code **c0e778a5** and click **Next**.

Over the extended break, your school counselors will be logging on to check for participation. Students who are able to complete a course can earn a reward for doing so when we return to in-school instruction!

Thank you,

Mr. Moauro and Mrs. Lyndon
