Chad C. Welker, Director of Business Services

October 16, 2014

Dear Parents /Guardians:

In response to the recent discovery that the latest diagnosed Ebola patient visited the area, I have received information from the Summit County Public Health Department which provides direction and guidance for our school community.

As mentioned in my Blackboard Connect message on Wednesday evening, the Summit County Public Health Department has established a public information line for questions about the situation. The line will be staffed from 8 a.m. to 9 p.m. until further notice. The number is 330.926.3939. The department's website has additional information. The website is [www.scphoh.org](http://www.scphoh.org).

The safety and health of our students continues to be a top priority in our school district. Twinsburg City School District will continue to communicate any information that is pertinent to our school community as it becomes available from the Summit County Public Health Department and PSI Affiliates.

If you have specific questions about this health concern, please contact the Summit County Department of Health at 330.926.3939 or the school district at 330.486.2002.

Again, I will continue to monitor this situation and will provide updates as appropriate.

Sincerely,

Kathryn M. Powers  
Superintendent
