District-wide Parent Involvement Policy Title I | Reading/Math Intervention

The Twinsburg City School District will work in cooperation with its Title I schools to put into operation programs, activities, and procedures to ensure Title I parents will be provided opportunities to work cooperatively with educators to achieve the Title I program goals, in compliance with Section 1118(a)(2) of the Elementary and Secondary Education Act (ESEA).

To accomplish the goals of the Title I Parent Involvement Program, an annual Title I Parent Meeting must be held to explain the program. We invited all students receiving Reading and Math intervention to be a part of this meeting. The following parent involvement and activities will be included in the plan:

1. Notifying each child's parents that the child has been selected to participate in Title I (Reading and Math intervention) and why the child has been selected for this service.
2. Reporting to parents on the child's progress via notes, phone calls, conferences, and/or reports.
3. Training parents to promote the education of their children at home, to understand program funding, requirements, and to build a partnership between home and school.
4. Providing information concerning the Title I program (Reading and Math intervention), including program plans and end of the year evaluation of the program.
5. Consulting with parents about how the school can work with parents to achieve the program's goals and in compliance with Section 1112 of the ESEA, will provide the Ohio Department of Education with parental comments for plans currently not included in the Parent Involvement Policy.
6. Ensuring full participation opportunities for parents with disabilities, who lack literacy skills, or have limited English proficiency.
7. Participating parents will be provided with a School-Parent Compact.

Other activities to enhance meaningful parent participation are encouraged.

Recommended at the Title I Reading/Math Intervention Parent Night on November 2, 2023.
