

Appypie Requirements:

1. Student must have signed COPPA form on file giving consent
2. Grades (11-12):
Students must use their school Google account to login or sign up
3. Grades (k-10):
 - Students **can not** join using their school Google account because email is internal or disabled. (An email is sent by appypie to the email on the account. The email contains a verification code that must be entered when saving the app created; once the app is generated an email will be sent containing links to download the app to a device)
 - The permission slip below must be signed and returned to obtain an email the student has permission to use when creating their account

Please note:

The free version of appypie only allows 48 hour access to edit the app created

Please click the link below for a list of what the free version offers:
