December 30, 2021

Dear Twinsburg Schools Family:

The one thing we can be certain of when operating in a pandemic is that change can happen at a moment's notice. No sooner had I sent today's reporting letter to you with the news that Summit County Public Health officials asked school districts to operate as usual regarding periods of quarantine/isolation until further guidance was received from the Ohio Department of Health, that the Ohio Department of Health forwarded a press release regarding this matter.

Attached to this Blackboard Connect email is the press release from the Ohio Department of Health. As in all matters regarding our District's COVID-19 procedures and protocols, I will engage the members of the Board of Education in a discussion at their next meeting on January 5th. Following that discussion, I will correspond with you regarding any revisions to our District's procedures and protocols as related to periods of quarantine/isolation. Until that time, the Twinsburg City School District will continue to operate status-quo with regard to periods of quarantine/isolation.

My apologies for the dual messages this evening. It is always my intention to be as transparent as possible, and to provide you with the most up-to-date information.

Happy New Year!

Kathi Powers, Superintendent
