September 19, 2020

Dear Twinsburg Schools Family:

As you know from my previous correspondence, I will inform our school community when positive cases of COVID-19 are confirmed. Late this afternoon, I was informed by the Summit County Public Health Department that two (2) Twinsburg High School (grades 9-12) on-campus students and one (1) Twinsburg High School (grades 9-12) virtual student were confirmed as positive for COVID-19. These are our District's first positive cases of COVID-19 since the school year began.

In my conversations with health officials this evening, I was informed that no other students or teachers will be quarantined given our practice of six (6) feet or greater social distance while students are in class.

I am very proud of the resiliency of our students and of our staff members as they settle into the school year with all of the new health protocols that are necessary to keep everyone safe. Thank you for your continued support and understanding.

Sincerely,
Kathi Powers
Superintendent
