January 5, 2022

Dear Twinsburg Schools Family:

Since releasing information earlier this week about the District's available BinaxNow test kits, District Nurse Jennifer Pinkney has received hundreds of requests for the kits. She is working diligently to fulfill the requests, but please know her priority is the assistance she provides to our parents when they contact her about COVID-positive cases.

Because of the very high numbers of COVID-positive cases Nurse Pinkney is managing along with the high demand for the test kits, we are establishing a second email for her that will be used solely for test kit requests.

If you already requested test kits, you do not need to submit another request, however, if you wish to request test kits, and you have not already done so for this third shipment of test kits, please use this new email address to submit your request:  
[testingkitrequests@twinsburgcsd.org](mailto:testingkitrequests@twinsburgcsd.org)

COVID-19 Reporting for today will be included with tomorrow's report.

Our staff is working as expeditiously as possible in filling requests. We appreciate your patience and your continued support.

Sincerely,

Kathi Powers, Superintendent
