

Earth Day is EVERY Day

Written and Illustrated by:
Kady Becker

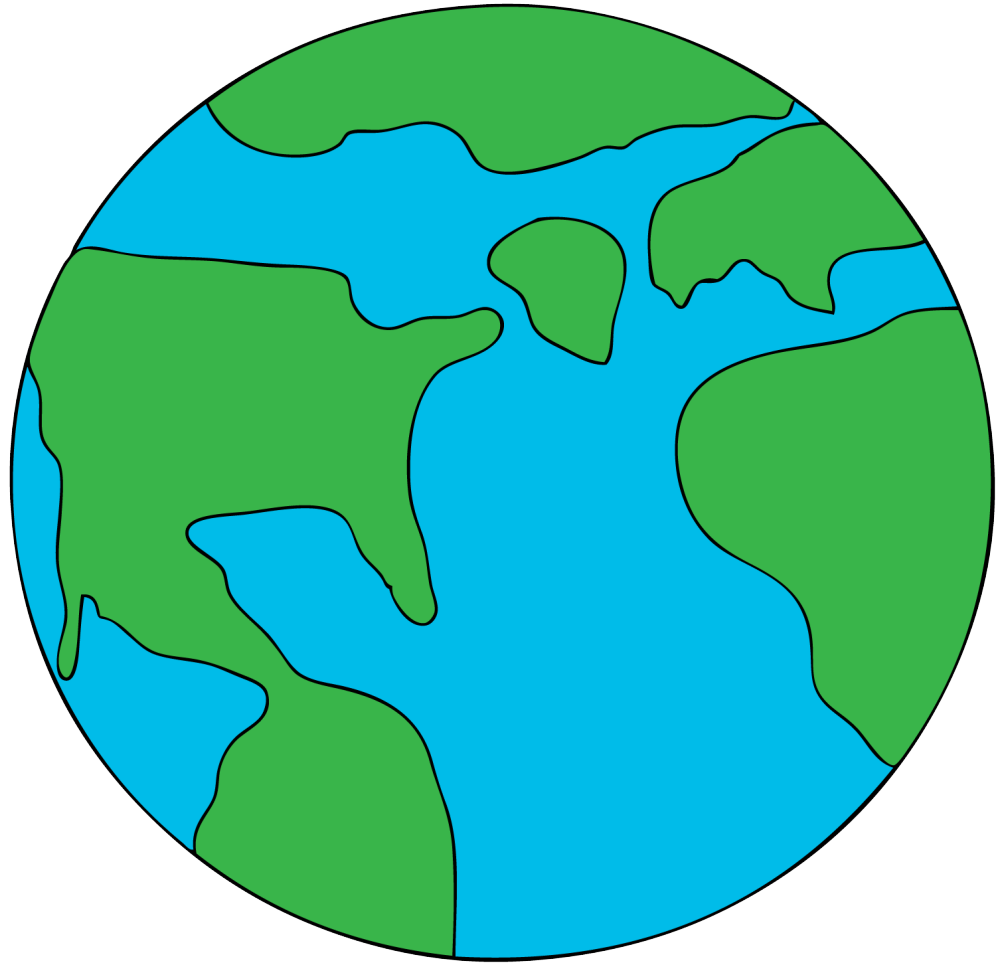

Hi! We are Evie
Earth and Ricky
Recycle and we
want to talk to
you about how
you can help us
take care of the
Earth!
Are you ready
to help?

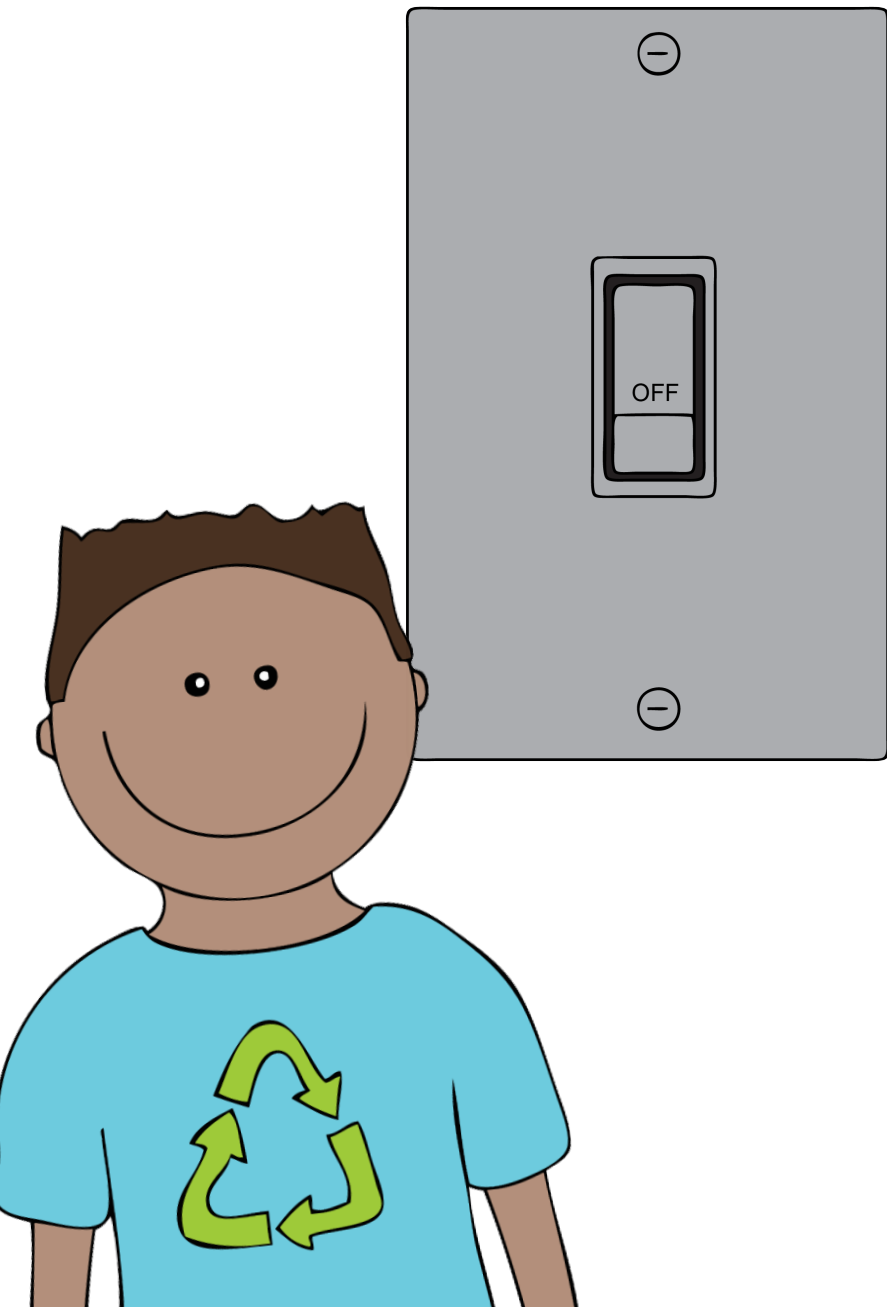

Did you know
that today is
Earth Day?
We want to tell
you how you
can help take
care of our
Earth -
EVERY DAY!

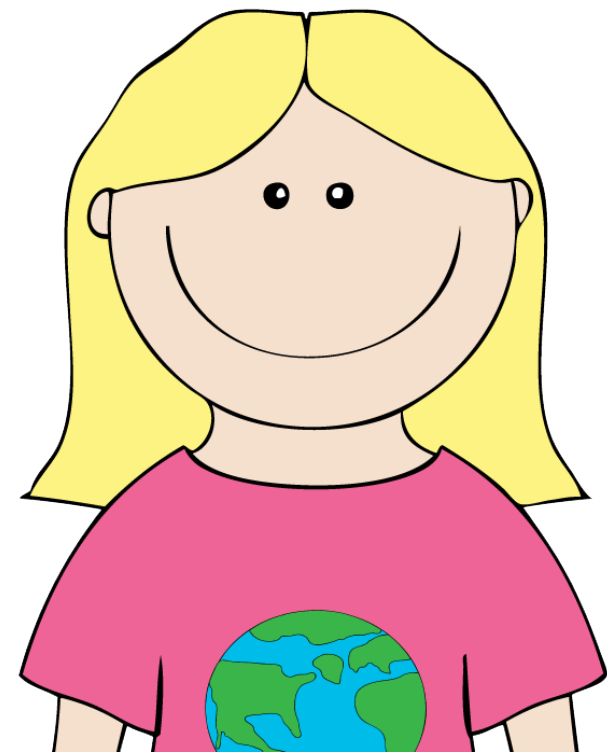

Never litter!

Always throw your trash in a trash can or save it until you can throw it away properly.

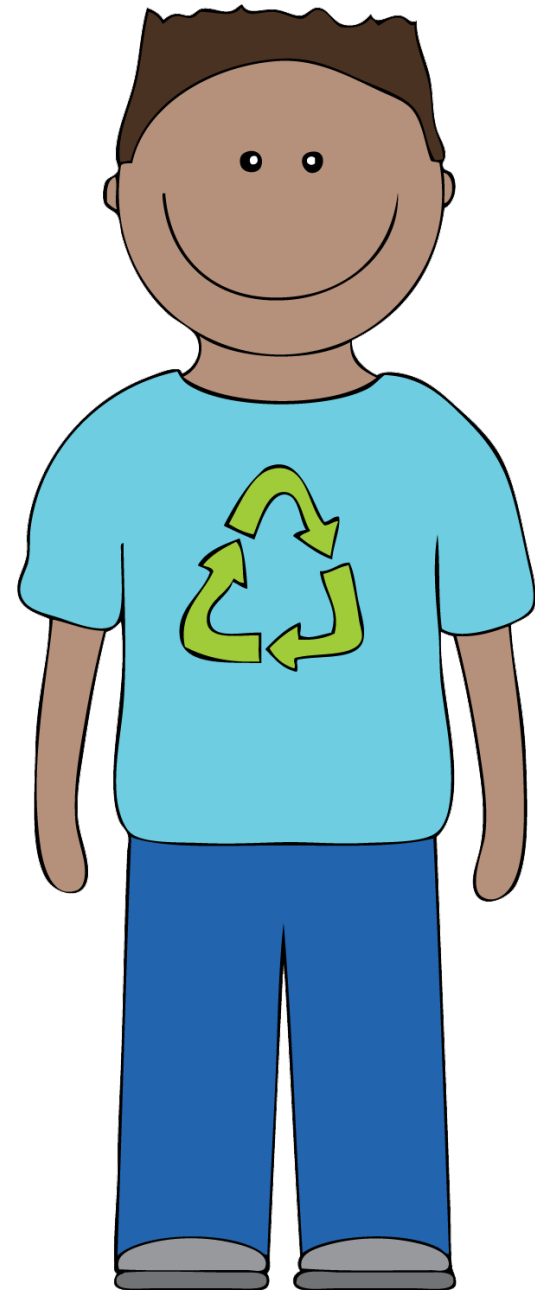

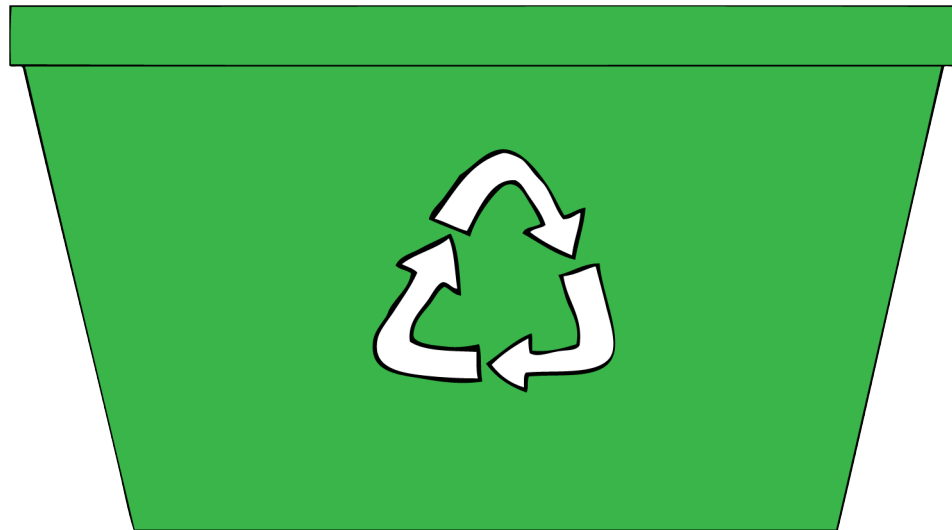

When you leave a room, turn off the lights. That way you can conserve, or save, energy.

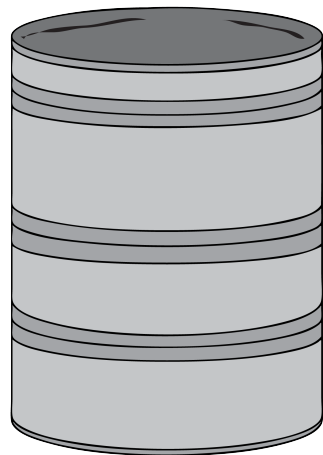

You can conserve water by turning off the faucet while you are brushing your teeth!

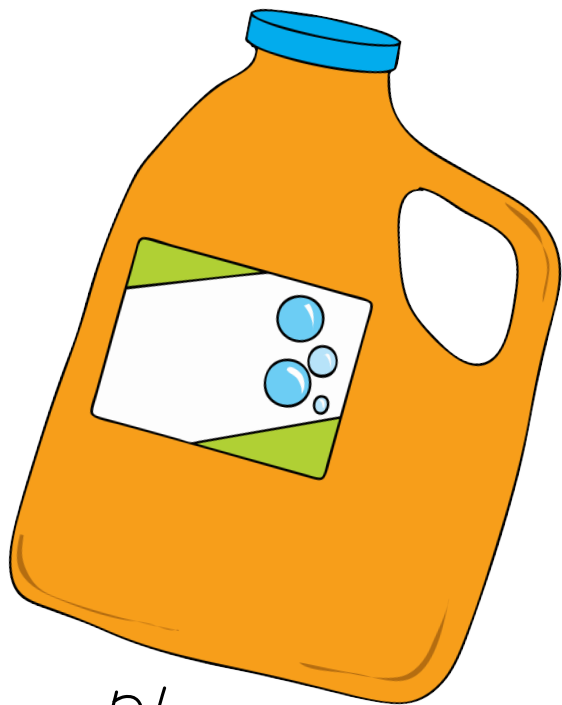

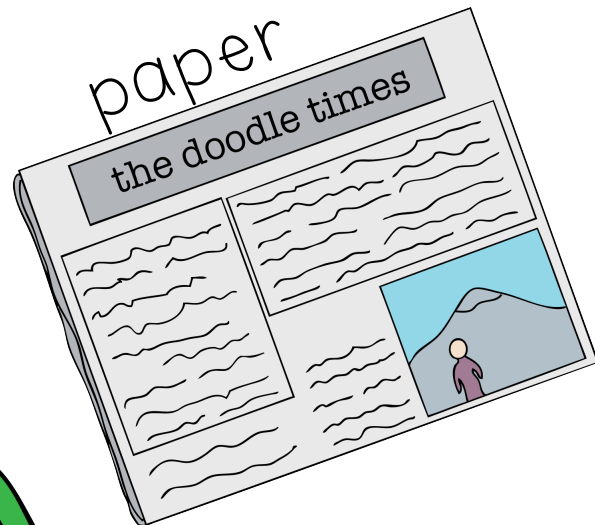

Participate in a recycling program at home and at school. This helps reduce the amount of trash we dump into our landfills.

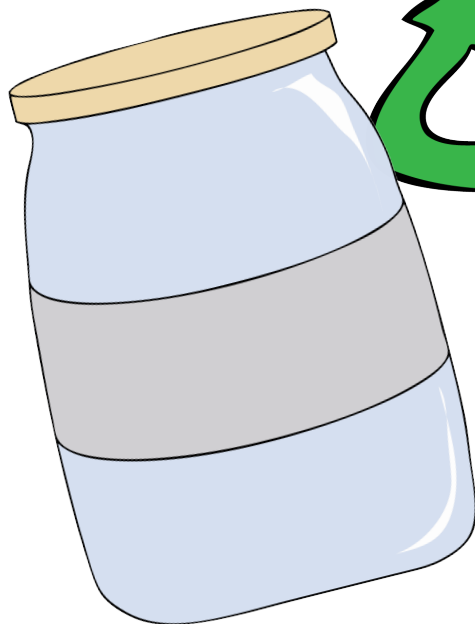

Here are some things you can recycle:

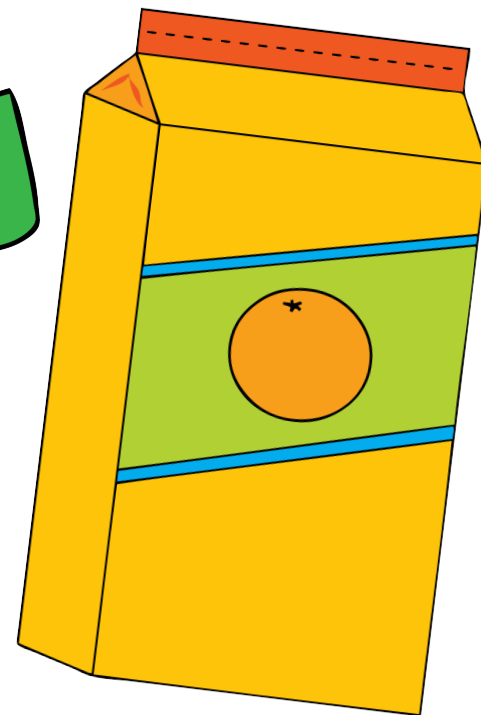

metal cans

plastic

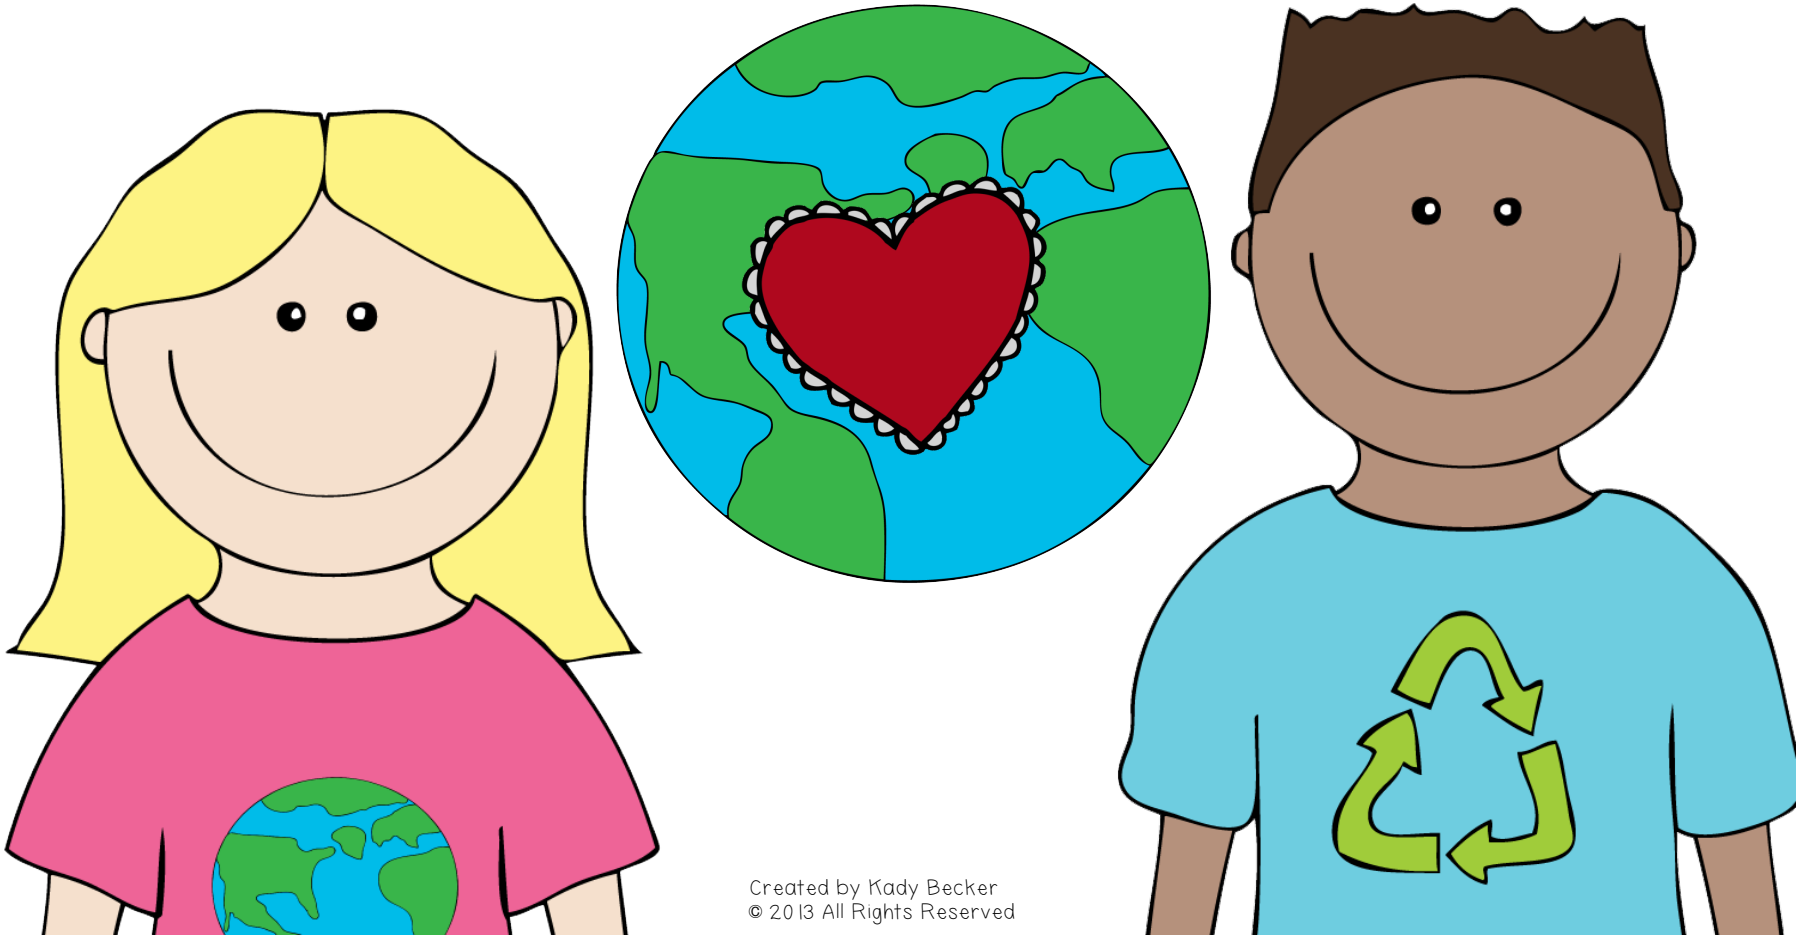

glass

cardboard

Do you think you will be able to help
us make EVERY day Earth Day?

About the Author:

Kady Becker is a Kindergarten Teacher in Fort Wayne, IN. She loves oreo cookies, the beach, and playing with her son, Jack, and, daughter, Josie.
