

#### Freckle Requirements for Student Use:

- Teachers should use their Google Account to login
- Teachers can import students from Google Classroom
- If teachers choose to manually add students instead of importing students from Google Classroom, only provide first name, last name and grade.
- Teachers must give the generated class code to students
- Students must log in with the first name and last name as it is in the teacher's Freckle class list and with the class code generated by the teacher when the class is created.
- Students must have a signed COPPA form giving consent, on file.  
The COPPA form is a form that is a part of their returning or new student registration through Infosnap.
