Ayes: Mrs. Cain-Criswell, Mr. Crosby, Mr. Shebeck, and Mr. Stuver.

Abstained: Mr. Andrews,

The Board President declared the motion approved.

Mr. Shebeck moved and Mr. Andrews seconded that the Twinsburg Board of Education adopt resolutions 12-344 to 12-356.

12-344 Agreement with Valdosta

That the Twinsburg Board of Education approves the Letter of Agreement between Valdosta State University and the Twinsburg City School District to place student teacher candidates in our district classrooms for the purpose of participating in the field-based teacher education experiences for the 2012-2013 school year; as sent to Board under separate cover.

12-345 Agreement with Walsh

That the Twinsburg Board of Education approves the *Clinical Placement Agreement* from Walsh University to place student teacher candidates in our district classrooms for the purpose of participating in the field-based teacher education experiences for the 2012-2013 school year; as sent to Board under separate cover.

12-346 Agreement with Mayfield Schools

That the Twinsburg Board of Education approves the *Special Education Participation Agreement* with Mayfield City Schools. This agreement covers students who are currently enrolled and any new students that will enroll in the Mayfield Special Education Programs during the 2012-2013 school year including: Preschool Hearing Impaired Program-MCHI Preschool; Millridge Center for the Hearing Impaired- MCHI (Elementary); Hearing Impaired Program at the Middle School-MCHI-MS; and Secondary Hearing Impaired Program-SHIP. This agreement is in the approximate amount of \$43,763. This is a General Fund Expense; with some of the expense billed back using the catastrophic cost procedure; as sent to Board under separate cover.

12-347 Agreement Patricia Koslo

That the Twinsburg Board of Education approves a *Contract* with Patricia I. Koslo, an Independent Contractor, to provide consulting services regarding district communication services and programs on an as-needed basis not to exceed sixty (60) hours per month from November 2012 through June 2013 at an hourly rate of \$50. This will be a City/County Fund expense; as sent to Board under separate cover.

12-348 Agreement with Garfield Heights

That the Twinsburg Board of Education approves the *Ice Hockey Facility Use Agreement* between the City of Garfield Heights, Ohio and the Twinsburg City School District; to conduct team training and inter-school competitions/meets for the Twinsburg High School Ice Hockey Team for the 2012-2013 school year; as sent to Board under separate cover.

12-349 Agreement – Hearing Designee

That the Twinsburg Board of Education approves contracts with Ronald L. Victor, Ed.D. and John C. Burkholder to serve as Expulsion Hearing Designees for the Board of Education, on an “as needed” basis for the 2012-2013 school; as sent to Board under separate cover.

12-350 Authorize use of Hearing Designee

That the Twinsburg Board of Education direct the Superintendent to select from the following on an “as needed” basis as Expulsion Hearing Designee for the Board of Education, for the 2012-2013 school year: Ronald L. Victor, Ed.D or John C. Burkholder

12-351 Deletion from Inventory

That the Twinsburg Board of Education approves the attached listing of items be deleted from inventory. See pages 386-416

HP Laserjet 1000,S/N CNBJ164268; Asset Tag No 002024 (end of life)

12-352 Agreement with Northwest Evaluation Association

That the Twinsburg Board of Education approves a *Web-Based MapMaster Subscription Agreement* between Northwest Evaluation Association and Twinsburg City School District, to provide testing and reporting services, commonly referred to as Measures of Academic Progress (“MAP”); as sent to Board under separate cover.

12-353 Transfer Sick Days

That the Twinsburg Board of Education approves the transfer of sick days as stated below:

Tammy L. Black donated 25 hours to Denise Ferguson
Bob Marquard donated 40 hours to Cliff Ash

12-354 Accept Donation

That the Twinsburg Board of Education accepts a donation in the amount of \$120 from Mrs. Tricia Frydl, 1698 Chestnut Trail Drive, Twinsburg, OH 44087, and the Progressive Insurance Foundation Giving Program to be used at Dodge Intermediate School.

12-355 **Agreement with CDGW**

That the Twinsburg Board of Education approves the *Statement of Work* with CDW Government, LLC to provide a wireless survey to determine hardware count, mounting locations and cell sizes in order to implement a wireless network. This is a Permanent Improvement expense; as sent to the Board under separate cover.

12-356 **Deny Grievance**

That the Twinsburg Board of Education denies the Level IV Grievance filed by Brian McNair and Brian Fantone regarding the compensation and benefits they received while serving as casual substitute teachers as a result of their failure to renew their teaching licenses prior to the start of the 2012-2013 school year.

*Ayes: Mr. Andrews, Mrs. Cain-Criswell, Mr. Crosby, Mr. Shebeck, and Mr. Stuver.
The Board President declared the motions approved.*

12-357 **EXECUTIVE SESSION**

Mr. Stuver moved and Mr. Shebeck seconded that the Twinsburg Board of Education meet in Executive Session at approximately 9:29 p.m. for the purpose of discussing: the specialized details of security arrangements where disclosure might reveal information that could be used for the purpose of committing or avoiding prosecution for a violation of law per Twinsburg Board of Education Policy #0166 (G).

Ayes: Mr. Andrews, Mrs. Cain-Criswell, Mr. Crosby, Mr. Shebeck, and Mr. Stuver.
The Board President declared the motion approved.

The Board reconvened from Executive Session at approximately 10:20 p.m.

The following members were present:

Mr. Andrews, Mrs. Cain-Criswell, Mr. Crosby, Mr. Shebeck, and Mr. Stuver.

12-358 **ADJOURNMENT**

Mr. Stuver moved and Mrs. Cain-Criswell seconded that the Twinsburg Board of Education adjourn at 10:21 p.m.

Ayes: Mr. Andrews, Mrs. Cain-Criswell, Mr. Crosby, Mr. Shebeck, and Mr. Stuver.
The Board President declared the meeting adjourned.

See accompanying summary of significant forecast assumptions and accounting policies
 Includes: General fund, Emergency Levy fund, DPIA fund, Ed Jobs fund, Fiscal Stabilization fund
 Textbook fund and any portion of Debt Service fund related to General fund debt

INTRODUCTION:

A prudent reader should not make assumptions or believe that this forecast by its nature conveys anything more than an indication of a probable future financial position of the School District. Events and circumstances frequently do not occur as expected and will significantly alter the outcomes and results of the forecast and assumptions. Therefore, professional sophistication, due diligence, caution, and care are required when using and interpreting forecast information.

The Five-year Forecast is a critical planning document for the Twinsburg City School District. Forecasts are built on assumptions and current state and federal laws that *can*, *will* and *do* change over time. The forecast, numbers and assumptions while made in good faith cannot be guaranteed.

The Five-year Forecast is designed to provide the administration, board of education and the public a **general indication** of a probable future financial position of the School District based on information currently available to the School District. The reasonableness and accuracy of this forecast and assumptions rest with the district administration and the Board of Education.

In 1999 House Bill No. 412 mandated that school districts annually produce a five-year forecast by December 31 and update the forecast as necessary. The Forecast documents and provides the transparency necessary to keep all stakeholders informed of the District's projected financial position. If a district entered Fiscal Emergency, one could not claim "I did not know". Current statute requires the Forecast be submitted by October 31 with an update due in April or May.

The Five-year Forecast is a necessary tool focusing management's attention on future financial needs while facilitating strategic planning and discussion. The financial plan should provide for the optimal allocation of scarce resources in the delivery of services to our kids. What follows is our attempt to create a forecast using professional judgment within the philosophical base rooted in four key concepts. It is a look into the future through a snapshot of today.

- **REALISTIC** - We all want the best for our children. Yet there are economic realities that dictate what is possible for our school district. Our future should be realistic given our unique circumstances.
- **CAUTIOUS** – A cautious approach is neither overly optimistic nor pessimistic. It seeks the prudent path in predicting revenues and expenditures.
- **PROBABLE** – Given the current circumstances and the goals of our school district, this is the forecast that is most likely to occur.
- **SUPPORTABLE** – A good set of projections needs to include the rationale for assumptions. This is a combination of historical trends, current conditions and professional judgment about the trends.

It's important to note the Ohio Supreme Court has ruled and reaffirmed its ruling through appeal that the current method of funding public education in Ohio is *Unconstitutional*. The legislature has made attempts to comply with the DeRolph decisions and correct the funding method that overly relies on local property taxes, but to date the ruling has not been satisfied.

During these uncertain economic times the administration and Board of Education endeavor to reduce expenditures and continue to examine areas to make future resource reallocations. Our goal is to create dynamic curriculum and learning environments that challenge all students' creative, analytical and critical thinking abilities and skills beyond standardized requirements. Our focus on student achievement has garnered multiple "Excellent" and "Excellent with Distinction" ratings from the Ohio Department of Education. Our focus on fiscal responsibility has earned numerous Certificates of Achievement for Excellence in Financial Reporting as awarded by the Governmental Finance Officers Association.

RECENT EVENTS:**STATE OF THE STATE:**

Prior Governor Ted Strickland (D) on January 28th 2009 proposed a comprehensive reform of the then current funding model to a new Ohio Evidence Based Model (OEBM). The intent is to increase the State's share of educational funding via targeted assistance. Current Governor John Kasich (R) has discarded the OEBM and may develop a new funding system. At the same time has embraced conservative think tank philosophy that teachers are overpaid and underperform. Tied in with this philosophy is the expansion of mechanisms to bleed away public tax dollars to charter schools, electronic schools, and other profit based educational enterprises.

FINANCIAL UNCERTAINTY:

The federal government in an effort to stem the tide of the financial meltdown has added hundreds of billions if not trillions of dollars to an already staggering national debt. Hundreds of billions paid to bail out the banks and other financial institutions; tens of billions more for the auto industry; \$275 billion for homeowners and mortgage lenders; and a giant \$787 billion stimulus package to jump-start an economy spiraling downward. The Economic Stimulus is shifting us from an economic crisis to a debt crisis! The national debt is over \$15 Trillion. Nearly fifteen percent of federal revenues are used to pay interest on federal debt, second only to spending for the social programs of Health and Human Services, HUD and food stamps.

SEQUESTRATION: the Budget Control Act of 2011 will cut \$580 billion out of the Federal budget on January 1, 2013 if the Federal legislators do not act to prevent it. This legislation would greatly impact schools by substantial reductions to Federal programs and grants for special education, reading intervention, food programs, etc. Federal rebates for HB264 energy conservation projects would be cut. Consequently, the school districts across Ohio would have to fund these programs from their general operating revenues further stressing the districts' budgets.

CHRYSLER PLANT CLOSING: The Twinsburg School District (the School District) was informed on May 1, 2009, that the Chrysler Stamping Plant, Twinsburg largest employer, would close March 2010. While the closing was not completely unforeseen the timing of the closing was unexpected. Chrysler has paid approximately \$450,000 annually in real property taxes to the School District. The property's valuation and consequently real estate taxes have been substantially reduced.

LEGISLATION: State legislation, House Bill 66 (HB66), enacted July 1, 2005 eliminates the taxation of *Tangible Personal Property* (TPP). Real Property Tax along with TPP Tax, were the major sources of funding for many Ohio School Districts. **High performing schools like Twinsburg, Solon, Bedford and Cuyahoga Heights will experience sharply reduced revenues.** For Twinsburg School District this lost revenue accounted for \$9.8 million or approximately 28% of revenues. The Ohio Department of Education (ODE) and the Ohio Department of Taxation (ODOT) have developed spreadsheets to illustrate the TPP phase out. See http://tax.ohio.gov/divisions/personal_property/PPT_law_changes_070303.stm or visit the ODE web site www.ode.state.oh.us.

BUDGETARY COST CUTTING:

Operational Change Plan: The School District has made substantial efforts to contain and reduce costs. Through attrition and cost cutting measures the School District has permanently cut \$2.6 million dollars from the 2013 and future budgets. Negotiating labor contracts, upgrading equipment, consortium buying, grant opportunities, and scrutinizing personnel will reduce overall costs. In addition the District has instituted fees for Pay-to-Participate, extracurricular and academic courses for the upcoming school years.

It is important to note that forecasts will differ. Decisions made at the Federal, State and local levels, unknowns such as energy unit costs, health care premiums, the number of sick days taken, and special education requirements impact the future years presented in the forecast.

LEVY: The Twinsburg School Districts appreciate the support of our local community. November 2, 2010 voters renewed an existing levy generating approximately \$5 million annually. The 6.9 mill current expense levy originally approved in 1993 will be eligible for renewal. As District revenues fall below expenditures, the Board of Education is seeking additional levy dollars to stem the District's looming financial hurricane and ensure future viability.

JOB WELL DONE: Twinsburg City School District has received the highest academic ratings of "Excellent" or "Excellent with Distinction" on the Ohio Department of Education Report Card. Three times the School District has received the prestigious "Making Your Tax Dollar Count Award" given by Auditor of State's Office. While attaining these ratings and awards, the School District has closely watched expenditures looking for ways to reduce costs and getting the most for each tax dollar. As a result, our current per-pupil expenditures are below the state average.

REVENUES:

Line 1.010 - Real Estate Taxes

The Housing Market/Home Mortgage fiasco has prompted Ohio Department of Taxation Officials to warn districts that Real Estate Valuations would actually decrease. Previously noted, the Chrysler facility was sold to Maynards Industries, an industrial liquidator. As the property is dismantled the taxable value will be reduced and any new facilities will be abated by the city. The Summit County Fiscal Officer notified the School District that property valuations declined by \$70 million resulting in a reduction of property tax collections. Monitoring of real property tax collections is crucial as it represents over 56% of revenues.

Line 1.020 – Tangible Personal Taxes (TPP)

In prior State Budget Bill HB66 is legislation eliminating the tax businesses pay on virtually all Tangible Personal Property. The original legislation set forth that the State would fully reimburse districts for five years the amount of lost revenues. Starting in tax year 2011 the State would incrementally eliminate this reimbursement by 2018. A tax once under local control has been eliminated and replaced by a Commercial Activity Tax. The State's current biennium budget changes, for the fourth time, the laws governing the loss of TPP. The continued reimbursement of TPP taxes is VERY speculative given the economic and political climate. The result is that Twinsburg School District will lose approximately \$9.8 million and will be faced with a *FISCAL EMERGENCY*.

Line 1.035 – Foundation Program

The Foundation Program is the State's aid program for school district operations. In 2009 HB 1 renamed the SF-3 Foundation form to the PASS (Pathway to Student Success) form for fiscal year 2010. The State's latest biennium budget eliminated the PASS form and replaced it with a Bridge Foundation Funding mechanism. Due to the School District's relatively high ratio of property value per pupil, foundation aid from the State is and will remain flat and a relatively minor portion of total revenue. Future year revenues are very speculative in light of recent State budget shortfalls and some State officials stating they feel public education is adequately funded.

Eroding local resources further are charter schools, EdChoice and the autism scholarships. State Foundation Aid is deducted at a higher rate and not the per pupil allocation the School District actually receives. Moreover, charter schools do not have to pass levies, operate outside many legal requirements and unfunded mandates placed on public schools and many receive poor grades on the Ohio Department of Education's Report Card.

Casino Money: Ohioans have approved the establishment of Casinos in Ohio. There are estimates from differing sources that Ohio Schools would receive \$18 to \$20 per pupil from casino generated revenues. For Twinsburg Schools the approximate \$80,000 in potential revenue will be added to this line.

Line 1.050 – Homestead and Rollback including Direct TPP payments

Homestead and Rollback payments come from the State. These payments represent the reimbursement of a 10% discount given property owners and an additional 2.5% discount is given to owner occupied parcels. Direct payments from the State to reimburse the TPP tax revenue loss will flow through this line as required by the Auditor of State.

Line 1.060 – All Other Sources

All other revenues include interest on investments, tuition, rental fees, and miscellaneous receipts.

EXPENDITURES:

Line 3.010 – Personal Services

Salaries for fiscal 2012 are based upon the current contracts for teachers and staff. Several positions will remain unfilled as staff retire and leave the District at the end of the 2012 school year. Regretfully, several teachers and staff members were laid-off to cut the District's budget deficit. Administration is also focused on reducing substitute and over-time pay. The Operational Change Plan will cut approximately \$2.6 million in salaries and benefits from the budget. In an effort to assist the district the teachers union has agreed to pay a higher percentage of health care premiums and also take freezes on the base pay. Over the next four years of the forecast these reductions will account for significantly lower expenditures. In light of looming deficits and with salaries and benefits accounting for nearly 87 cents of every dollar spent the School District may fall short of future staffing expectations as class size grows.

Line 3.020 – Employee Retirement and Insurance

Fringe benefits are calculated as a percentage of total salaries and wages. Costs for benefits include 14% for retirement (STRS and SERS), 1.45% for Medicare. Health Care costs have increased at about 10% annually. Recent health care claims history was well below actuarially determined claims. This resulted in the self-insured Health Care Consortium rebating three months of premiums to member districts for FY12. This is two more than typical and resulting in approximately a one million dollar reduction to health care costs. Since 1999, health care costs have tripled and continue to out-pace inflation.

Line 3.030 – Purchased Services

Purchase Services represent items from insurance, to copier leases, to legal fees, to health/nursing related services, to tuition costs for students educated by other districts. Also increasing are the costs for services for special needs students, test scoring, and professional development. The School District utilizes the buying power of the Ohio School Council Consortium for electricity and natural gas. The FY 12 year saw a significant reduction in natural gas cost and usage. The energy conservation project at the high school, the mild temperatures this past winter and the drop in natural gas pricing sharply reduced expenditures by approximately three hundred thousand dollars – a cost that will have to be added back in future years of the forecast. The School District and the city's fitness center have a utility sharing agreement. We budget and pay the entire utility cost and are subsequently reimbursed by the city for their portion of the cost.

Line 3.040 – Supplies and Materials

This includes educational supplies and consumables, as well as cleaning supplies. Additionally, bus fuel, tires and repair parts for the School District's fleet of buses are incorporated in this category. The School District participates in several purchasing consortiums to reduce expenditure costs on routine purchases.

Line 3.050 – Capital Outlay

The Permanent Improvement fund is used for capital expenditures. The School District has not budgeted substantial resources for equipment, furniture and textbook purchases from the General fund.

Line 4.300 – Other (Expenditures)

The major expenditures for this category are non-discretionary fees associated with the Summit County tax collection process in addition to fees the State charges. These fees are set by laws and cannot be changed by school districts. Also in this category are audit costs, ESC costs, membership fees, etc.

Lines 4.020 to 4.060 – Repayment of Debt Service

August 2010 the School District undertook a House Bill 264 Energy Conservation Project at the high school replacing lighting, boilers and HVAC controls. The \$2.6 million is financed via reductions in utilities. Furthermore, Purchased Services line 3.030 decreases as a result of this initiative. A government program rebates a large portion of the interest back to the district.

WHERE HAS ALL THE MONEY GONE?

A Cleveland Plain Dealer editorial from Sunday October 24, 2010 entitled “Schools need long-term FIXES, MONEY today” states “public schools are in deep, deep trouble.” It continues with “... excellent districts are imperiled by a shrinking tax base, rising number of needy and disabled students, galloping costs for special education, equipment, textbooks and services and a tide of new unfunded state mandates.” “These problems are likely to get worse as Ohio grapples with ... budget deficit(s).”

At the national level, Federal spending has inflated the national debt to over \$15 trillion. At some point the Federal Government will reach the limits of deficit spending. At the local level voters are frustrated with the overall level of taxation. Voter fatigue manifests itself in the ever increasing push back as districts attempt to obtain additional levy funding. Unfortunately, a school levy is one of the few places voters can voice their frustration with the political system.

LOOMING FINANCIAL CRISIS:

Twinsburg School District currently has a significant fund balance. This is one-time money that will be used to balance the budget over the next 2-3 years. **THEN IT WILL BE GONE!!!** The TPP Phase out model (figure 2) shows the huge GAP left as TPP Phase-out Dollars are reduced and eventually eliminated. Fund balance precipitously falls as TPP reimbursements are systematically eliminated.

This serves as Notice: The significant fund balance as of June 30, 2012 will be gone in a very short period of time. Fund balance dollars will fill the GAP left by the loss of TPP and will stretch to cover the additional financial demands as noted in the Plain Dealer editorial above.

CONCLUSION:

Future revenue streams are very soft numbers in light of the State's reluctance to fully fund education in Ohio and HB66. The State budget is for two years and the State does not provide any reliable budget data beyond June 2013. Furthermore, HB66 demonstrates the State's ability and willingness to significantly alter the collection of Local Tax Revenues upon which Twinsburg Schools depend. The State Budget Bill HB66 enacted July 1, 2005, is still causing uncertainty and increasing the level of forecasting difficulty as legislators keep changing the TPP phase-out timing and method.

This forecast is developed using the current fiscal year's expenditures, weighted appropriations and estimates of expenditures for the next four years. The School District's major sources of revenue for the current fiscal year are property taxes as certified by the Summit County Fiscal Officer and State Foundation Aid from the Bridge funding document. As part of the administrations fiduciary duties, continual efforts are made to reduce expenditures and to find additional sources of revenues. These efforts manifest themselves in the forecasted deficit being sharply reduced as a result of the newly adopted Operational Change Plan and modification to the collective bargaining agreements.

Public education is facing a difficult road ahead. The challenges are to provide an ever increasing level of services to children with diverse abilities, needs, backgrounds, cultures, and requirements. This must be done with a level of funding that is neither stable nor predictable. Numerous funding models, HB66, Senate Bill 5, Charter Schools, and expanding voucher programs are perniciously nibbling away at public education funding. Oftentimes factions are more concerned with their own special interests than what is best for the education of all students.

Twinsburg City School District continues to face significant challenges. During the 1990's there was significant residential and business growth. Prior reports reflect property value growth and a considerable increase in student population. However, as the State struggles with a depressed economy, state support for schools, libraries and the like, has been reduced. State budget shortages and the elimination of tangible personal property tax impacts negatively our prognostication.

The State Budget Bills are having a Tremendous Impact on Twinsburg Schools as is the continuing uncertainty of the Tangible Personal Property Tax revenue being phased out by 2018. At the local level, that will require major budget cuts including staff reductions and replacement revenues must be obtained.

Someday there may be communities in Ohio where public schools as we know them do not exist.

Respectfully Submitted
Martin Aho, Treasurer/CFO
