

The Twinsburg City School District Board of Education met in REGULAR session on the above date at the Twinsburg Government Center in Council Chambers, 10075 Ravenna Rd, Twinsburg, Ohio, at 7:00 p.m. The following Board Members were present: Mr. Cellura, Mr. Curtis (Vice-President), Mrs. Davis, and Mrs. Turle-Waldron. Absent was Mr. Felber (President). Recordings of the Board of Education meeting are made and kept at the Board Office. Video recordings and Board approved Minutes are available on the District's web site. Mr. Curtis, presiding, called the meeting to order.

In the COMMUNICATIONS section of the Agenda Teachers and Staff were recognized for their accomplishments. Teachers were recognized for attaining Continuing Contracts and for attaining the Master Teacher designation. Finally, Teachers and Staff were recognized for their years of service as they prepare to retire.

16-188 At 7:50 p.m. Mr. Cellura made a motion and Mrs. Turle-Waldron seconded the motion to take a brief recess to congratulate the Teachers and Staff for their accomplishments.

The Board reconvened from Recess at approximately 8:05 p.m.

The following members were present:

Mr. Cellura, Mr. Curtis, Mrs. Davis, and Mrs. Turle-Waldron.

Mrs. Davis moved and Mr. Cellura seconded that the Twinsburg Board of Education adopt resolutions 16-189 to 16-192.

16-189 **Minutes**

That the Twinsburg Board of Education approves the Minutes for the following meetings:

Regular Meeting: May 04, 2016

16-190 **Financial Report**

That the Twinsburg Board of Education accepts the following Financial Report for the month of March 2016: Bank Reconciliation, General Fund Financial Summary Report and Financial Report by Fund. See pages 167-172

16-191 **Check Register**

That the Twinsburg Board of Education accepts the Check Registers for the Month of March 2016, the total including payroll is \$3,923,941.80. See pages 173-180

16-192 **Five Year Forecast**

That the Twinsburg Board of Education approves the May update of the Twinsburg City School District FY 2016 Five Year Forecast. See pages 181-187

*Ayes: Mr. Cellura, Mr. Curtis, Mrs. Davis, and Mrs. Turle-Waldron.
The Board President declared the motions approved.*

See accompanying summary of significant forecast assumptions and accounting policies
Includes: General fund, Emergency Levy fund, DPIA fund, Ed Jobs fund, Fiscal Stabilization fund
Textbook fund and any portion of Debt Service fund related to General fund debt

INTRODUCTION:

A prudent reader should not make assumptions or believe that this forecast by its nature conveys anything more than an indication of a probable future financial position of the School District. Events and circumstances frequently do not occur as expected and will significantly alter the outcomes and results of the forecast and assumptions. Therefore, professional sophistication, due diligence, caution, and care are required when using and interpreting forecast information.

The Five-year Forecast is a planning document for the Twinsburg City School District. The purpose is to increase the level of communication regarding the school’s fiscal status. Forecasts are built on assumptions and current state and federal laws that *can, will* and *do* change over time. The forecast, numbers and assumptions while made in good faith cannot be guaranteed.

The Five-year Forecast is designed to provide the administration, board of education and the public a **general indication** of a probable future financial position of the School District based on information currently available to the School District. The reasonableness of this forecast and the accuracy of assumptions rest with the District’s administration and the Board of Education.

<i>COMMITMENT TO FISCAL RESPONSIBILITY</i>	Cost per Pupil	
An educated reader knows that forecasts are not built with the precision of a Swiss time piece. One just has to look at the front page of the Wall Street Journal to see that “XYZ” Company adjusts their yearly forecast to meet market pressures. Even CEOs with salaries over \$10 million and premier accounting departments have to make changes to their prognostications. The Benchmark for Twinsburg School District to measure Fiscal Responsibility is reported by the ODE. It is the cost to educate each student. According to the FY15 CUPP Report Twinsburg spends \$10,445 per pupil. This is less than State Average, Similar Districts and many of our neighboring school districts. And while Twinsburg School District spends less than other comparable districts, the Twinsburg School District is recognized by the state as a high performing school district. It could be said that we provide “bang for the buck”.	Solon	\$13,867
	Bedford	13,732
	Hudson	12,967
	Aurora	11,319
	State Avg.	10,985
	Nordonia	10,907
	Similar Districts	10,875
	Twinsburg	10,445

The Five-year Forecast is a necessary tool focusing management’s attention on future financial needs while facilitating strategic planning and discussion. The financial plan should provide for the optimal allocation of scarce resources in the delivery of services to our kids. What follows is our attempt to create a forecast using professional judgment within the philosophical base rooted in four key concepts. It is a look into the future through a snapshot of today.

- **REALISTIC** - We all want the best for our students. Yet there are economic realities that dictate what is possible for our school district. Our future should be realistic given our unique circumstances.
- **CAUTIOUS** – A cautious approach is neither overly optimistic nor pessimistic. It seeks the prudent path in predicting revenues and expenditures.
- **PROBABLE** – Given the current circumstances and the goals of our school district, this is the forecast that is most likely to occur.
- **SUPPORTABLE** – A good set of projections needs to include the rationale for assumptions. This is a combination of historical trends, current conditions and professional judgment about the trends.

In 1999 House Bill No. 412 mandated that school districts annually produce a five-year forecast by December 31 and update the forecast as necessary. The Forecast documents and provides the transparency necessary to keep all stakeholders informed of the District's projected financial position. If a district entered Fiscal Emergency, one could not claim "I did not know". Current statute requires the Forecast be submitted by October 31 with an update due in April or May.

It's important to note the Ohio Supreme Court has ruled and reaffirmed its ruling through appeal that the current method of funding public education in Ohio is *Unconstitutional*. The legislature has made attempts to comply with this DeRolph decisions and to correct the funding method that overly relies on local property taxes, but to date the ruling has not been satisfied and to a degree exacerbated.

During these uncertain economic times the administration and Board of Education endeavor to restrain expenditures and continues to examine areas to make future resource reallocations. Our goal is to create dynamic curriculum and learning environments that challenge all students' creative, analytical and critical thinking abilities and skills beyond standardized requirements.

RECENT EVENTS:

JOB WELL DONE: Twinsburg City School District continues to receive the highest academic ratings. U.S. News & World Report ranks Twinsburg High School number 42 out of 741 Ohio high schools in 2016! THS also ranked number 1049 in the U.S. out of more than 21,000 high schools. The Board of Education and Administration are constantly looking at the data searching for areas to enhance educational results. In addition, the School District has received fourteen straight Certificates of Achievement for Excellence in Financial Reporting since 2001 and numerous Awards with Distinction given by Auditor of State's Office. While attaining these ratings and awards, the School District has closely monitors expenditures looking for ways to reduce costs. As a result, Twinsburg School District's current per-pupil expenditures are more than \$500 per student below the State's average.

LEVY: The Twinsburg School District has long appreciated the support of our local communities. On November 6, 2012 voters approved a 4.9 mill levy generating approximately \$3.8 million annually. This levy was necessary to fill the hole created by the State of Ohio reducing the TPP payments/reimbursements.

LEGISLATION: There has been two important pieces of state legislation that has either capped the amount of tax dollars a school district can receive, or has completely eliminated it. In 1976, House Bill 920 (HB 920) was signed into law, and this legislation caps the amount of property tax dollars collected. These property taxes cannot increase as a home's appraised value increases. More importantly, House Bill 66 (HB66) was enacted July 1, 2005 eliminating the taxation of *Tangible Personal Property* (TPP). The TPP tax was a local source of revenue from local businesses to school districts. **High performing school districts with a large commercial/industrial base like Twinsburg, Solon, Berea and Cuyahoga Heights are experiencing markedly reduced revenues.** For Twinsburg School District this lost revenue accounted for \$9.8 million annually or approximately 28% of revenues. As the School District's revenues continue to fall below expenditures, the Board of Education will need to seek additional levy dollars to offset the financial tornado to thus ensure future viability.

STATE OF THE STATE: Prior Governor Strickland in 2009 proposed a comprehensive reform of the then current school funding model with the intent of increasing the State's share of educational funding via targeted assistance. Current Governor John Kasich discarded the Strickland model and has redesigned the funding mechanism. At the same time bureaucrats have embraced legislation under the guise of educational choice to siphon away approximately 1 billion in tax dollars to charter schools, electronic schools, and other profit based, corporate educational enterprises. Charter Schools lack the transparency and accountability of traditional public schools. Charter schools are operated by the likes of Michael Milken, the "Junk Bond King", who according to an April 26, 1990 New York

Times article “ in U.S. District Court Tuesday he (Michael Milken) pleaded guilty to six felonies and agreed to put up \$600 million, \$200 million of that in fines, to settle the biggest fraud case in the history of the securities industry”.

FINANCIAL UNCERTAINTY: The federal government’s efforts to stem the 2008 financial meltdown added hundreds of billions if not trillions of dollars to an already staggering national debt. Hundreds of billions were paid to bail out corporations that were deemed “Too Big to Fail”. The nation’s is shifting from an economic crisis to a debt crisis! The national debt is over \$19.2 Trillion. Nearly fifteen percent of federal revenues are used to pay interest, second only to spending for the social programs of Health and Human Services, HUD and food stamps.

FEDERAL STAGNATION: The Federal Legislative bodies’ inability to work together may ultimately lead to Federal budget cuts. This would impact Federal programing by reducing funding to grants for special education, reading intervention, nutritional programs, etc. Federal rebates for the HB264 energy conservation project’s interest payments have been reduced. Consequently, the Twinsburg School District has had to pay these program short falls from their general operating revenues further stressing the Districts’ budgets.

THE FORECAST should be thought of as a Barometer showing the rise and fall in financial pressure. It is not an unwavering course with exacting routes and distances. Think if it more as a Navigation device, Garmin if you will. The Forecast will show you your route and “Recalculates” when obstacles and detours are encountered.

The current fiscal year’s forecasted expenditures include encumbrances and appropriations. Estimates of expenditures for the next four years are developed using the current year’s data and trend analysis of past results. The School District’s major sources of revenue for the current fiscal year are property taxes as certified by the Summit County Fiscal Officer and State Foundation Aid from the ODE. As part of the administrations fiduciary duties, continual efforts are made to reduce expenditures and to find additional sources of revenues. It is important to note that forecasts will differ. Decisions made at the State and Federal level, unknowns such as energy unit costs, health care premiums, the number of sick days taken, and special education mandates impact the future years presented in the forecast.

The School District has made substantial efforts to contain and reduce costs. Through attrition and other cost cutting measures the School District cut \$2.6 million dollars from the 2013 budget. Negotiating labor contracts, upgrading equipment, consortium buying, grant opportunities, and scrutinizing personnel will help contain overall costs. In addition the School District collects Pay-to Participate fees, extracurricular fees and academic course fees, similar to neighboring districts.

REVENUES:

Line 1.010 - Real Estate Taxes

After decades of increases, Real Estate Valuations actually decrease following the Housing Market/Home Mortgage fiasco 2008/2009. The Chrysler facility, at one time the City’s largest employer closed March 2010. Subsequently, it was dismantled reducing taxable values from \$33.3 million to \$5.7 million and a loss to the School District of over \$350,000 in property taxes. The Summit County Fiscal Officer notified the School District that overall property valuations declined by \$70 million resulting in a reduction of property tax collections. Monitoring of real property tax collections is crucial as it represents over 62% of FY15 revenues.

Line 1.020 – Tangible Personal Taxes (TPP)

Prior State Budget Bill HB66 legislation eliminated the tax paid by businesses on virtually all Tangible Personal Property. This legislation set forth that the State would for five years fully reimburse districts the amount of lost revenues. Then starting in tax year 2011 the State would incrementally eliminate this reimbursement. A tax once under local control has been permanently eliminated and replaced by a State controlled Commercial Activity Tax. As the State eliminates the TPP reimbursements these dollars are used

to back fill the State's coffers at the expense of Local Governments. The State's biennium budgets have, for the fifth time, changed the laws governing the loss of TPP.

For Twinsburg Schools the TPP tax collection in the base year 2004 was \$9.8 million and on line 1.020. The TPP reimbursement on line 1.050 was \$6.2 million – a reduction of \$3.6 million or equivalent to a 4.65 mill levy. Twinsburg School District will permanently lose approximately \$9.8 million and will potentially be faced with a *FISCAL EMERGENCY*.

Line 1.035 – Foundation Program

The Foundation Program is the State's aid program for school district operations and since September 2010, there has been FOUR State enacted School-Funding Models (SF-3, PASS, Bridge, and SFPR). In 2009 HB 1 renamed the SF-3 Foundation and redesigned the calculations. The State in 2011 again redesigned the calculation and replaced it with a third funding mechanism. And yet again HB59 in 2013 redesigned the calculation. These redesigns have cost Twinsburg Schools a significant amount of money by changing the calculations and capping increases. The September 2015 SFPR indicates that Twinsburg School District should receive over \$9.2 million in State aid however, after legislative actions state funding is "Capped" at \$4.9 million. The result is a loss of \$4.3 million due to the "Cap".

Foundation aid from the State will remain flat and a relatively minor portion of total revenue. Future year revenues are very speculative in light of recent State budget pressures and some State officials stating they feel public education is adequately funded.

Eroding local resources further are profit based charter schools, EdChoice and various "scholarships". State Aid is deducted at \$5,900 from school districts and not at the per pupil allocation (\$1,200) the School District actually receives. Moreover, charter schools do not have to pass levies, operate outside many legal requirements and unfunded mandates placed on public schools while most receive dismal results on the Ohio Department of Education's Report Card. Also the misuse of funds was uncovered by the State of Ohio Auditor. "April 23, 2013 Special Audit of Charter Schools in Cleveland Racks Up \$1.3 Million in Findings."

Casino Money: Ohioans have approved the establishment of four Casinos in Ohio. There are estimates from differing sources that Ohio Schools would receive approximately \$50 per pupil from casino generated revenues. For FY15 Twinsburg Schools received \$210,295 in revenue.

Line 1.050 – Homestead and Rollback including Direct TPP payments

Homestead and Rollback payments represent the reimbursement of a 10% discount given property owners and an additional 2.5% discount is given to owner occupied parcels and come from the State. When the State proposed the income tax in 1972, taxpayers were promised Real Estate tax relief if the income tax was approved. In 2013 HB59 ended this promise by denying the discount and reimbursement on all new levies. Direct TPP reimbursement payments from the State flow through line 1.050 as required by the Auditor of State. HB64 holds in place the TPP reimbursements for FY 16 and reduces the reimbursement for FY 17 by \$824,524. Anything beyond that is very speculative.

Line 1.060 – All Other Sources

All other revenues include interest, tuition, student fees, rental charges, and miscellaneous receipts.

EXPENDITURES:

Line 3.010 – Personal Services

Salaries for fiscal year 2016 are based upon the current contracts for teachers and staff. The recent changes to the State retirement systems have prompted additional retirements and the associated retirement payouts. The Operational Change Plan cut approximately \$2.6 million in salaries and benefits from the FY13 budget. Regretfully as part of the Operational Change Plan, several teachers and staff members were laid-off to reduce expenditures. In light of economic pressures and with salaries and benefits accounting for nearly 85 cents of every dollar spent the School District may fall short of future staffing expectations as class size grows.

Increasing pressure on staffing as a result of OTES, Third Grade Reading Guarantee, High Stakes Testing and Next Generation Testing has necessitated the addition of specialized staffing. FY 14 saw the addition at the

WHERE HAS ALL THE MONEY GONE?

A Cleveland Plain Dealer editorial from Sunday October 24, 2010 entitled "Schools need long-term FIXES, MONEY today" states "public schools are in deep, deep trouble." It continues with "... excellent districts are imperiled by a shrinking tax base, rising number of needy and disabled students, galloping costs for special education, equipment, textbooks and services and a tide of new unfunded state mandates." "These problems are likely to get worse..."

At the national level, Federal spending has inflated the national debt to over \$19.2 trillion. At some point will the Federal Government will reach the limits of deficit spending. At the local level voters are frustrated with the overall level of taxation. Voter fatigue manifests itself in ever increasing push back as districts attempt to obtain additional levy funding to offset State reductions. Unfortunately, a school levy is one of the few places voters can voice their frustration with the political system.

Twinsburg School District currently has a significant fund balance. This is one-time money that will be used to balance the budget over the next several years. **THEN IT WILL BE GONE!!!** The TPP Phase out model leaves the huge funding GAP as TPP Phase-out Dollars are reduced and permanently eliminated. Fund balance precipitously falls as TPP reimbursements are systematically eliminated.

Note: The significant fund balance as of June 30, 2015 will be gone in a very short period of time. Fund balance dollars will fill the GAP left by the loss of TPP and mask the structural operating deficit as the School District receives fewer and fewer dollars from the State.

CONCLUSION:

Future revenue streams are very soft numbers in light of the State's reluctance to fully fund its share of education in Ohio. The State's budget is for two years and the State does not provide any budget data beyond June 2017. Furthermore, HB66 demonstrates the State's ability and willingness to significantly alter the collection of Local Tax Revenues upon which Twinsburg Schools depend. The State Budget Bill HB66 enacted July 1, 2005, is still causing uncertainty and increasing the level of forecasting difficulty as legislators and the governor keep changing the TPP phase-out timing and method.

Twinsburg City School District continues to face significant challenges. The challenges are to provide an ever increasing level of services to children with diverse abilities, needs, backgrounds, cultures, and requirements. This must be done with a level of funding that is neither stable nor predictable. Numerous funding models, HB59, HB66, Senate Bill 5, Charter Schools, and expanding voucher programs are perniciously nibbling away at public education funding and negatively impacting our prognostication. Oftentimes factions are more concerned with their own special interests than what is best for the education of all students.

The State backfills its coffers by shifting the tax burden from the State to the local level via cuts to local funding. At the local level, Boards of Education must make decisions that could require major budget cuts and staff reductions then decide if replacement revenues will be requested.

If corporate sponsored political think tanks are permitted to continue to rewrite educational policies, someday there may be communities in Ohio where public schools as we know them do not exist.

Respectfully Submitted
Martin Aho, Treasurer/CFO

Education costs money, but so does ignorance: Sir Claus Moser
