Ayes: Mr. Cellura, Mr. Curtis, Mrs. Davis, Mr. Felber, and Mrs. Turle-Waldron. The Board President declared the motions approved.

June 07, 2017

Mrs. Davis moved and Mr. Felber seconded that the Twinsburg Board of Education adopt resolutions 17-219 to 17-229.

17-219 OHSAA

That the Twinsburg Board of Education approves the following *Board of Education/ Governing Board Resolution, Authorizing 2017-2018 membership in the Ohio High School Athletic Association.*

WHEREAS, the Board of Education/Governing Board ("Board") and its Administration desire for the schools with one or more grades at the 7-12 grade level under their jurisdiction to be voluntary members of the OHSAA:

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF EDUCATION/GOVERNING BOARD that all schools listed ("Twinsburg High School and R. B. Chamberlin Middle School) do hereby voluntarily renew their membership in the OHSAA and that in doing so, the Constitution and Bylaws of the OHSAA are hereby adopted by this Board as and for its own minimum student-athlete eligibility requirements. Notwithstanding the foregoing, the Board does reserve the right to raise the student-athlete eligibility standards as the Board deems appropriate for the schools and students under its jurisdiction; and

BE IT FURTHER RESOLVED that the schools under this Board's jurisdiction agree to conduct their athletic programs in accordance with the Constitution, Bylaws, Regulations, interpretations and decisions of the OHSAA and to cooperate fully and timely with the Commissioner's Office of the OHSAA in all matters related to the interscholastic athletic programs of the schools. Furthermore, the schools under this Board's jurisdiction shall be the primary enforcers of the OHSAA Constitution, Bylaws and Sports Regulations and the interpretations and rulings rendered by the Commissioner's Office. The administrative heads of these schools understand that failure to discharge the duty of primary enforcement may result in fines, removal from tournaments, and suspension from membership and/or other such penalties as prescribed in Bylaw 11.

17-220 Inventory Deletions

That the Twinsburg Board of Education approves the following item from Bissell Elementary that is beyond repair to be deleted from inventory: *Windsor S24 Floor Machine Serial Number 1000012783 Asset Tag 31307*

17-229 Adopt - Project Lead the Way

That the Twinsburg Board of Education adopts the Introduction to Engineering Course of Study at R.B. Chamberlin Middle School (Project Lead the Way). The adoption was approved by the District Curriculum/Technology Committee on June 5, 2017.

Ayes: Mr. Cellura, Mr. Curtis, Mrs. Davis, Mr. Felber, and Mrs. Turle-Waldron. The Board President declared the motions approved.

Mr. Cellura moved and Mr. Felber seconded that the Twinsburg Board of Education adopt resolutions 17-230 to 17-232.

17-230 Computers

That the Twinsburg Board of Education approves the purchase of computers from GovConnection, Inc., 732 Milford Road, Merrimack, NH 03054 in the amount of \$71,053.65. This project will be paid for using Permanent Improvement Funds.

17-231 Auction Assets

That the Twinsburg Board of Education authorizes the Business Manager to attempt to sell the attached listing of assets to be removed from inventory that have been determined to be no longer needed for school purposes. If the assets do not sell, the Board of Education authorizes the Business Manager to dispose of the assets. The assets will be posted on an online auction site, Bus Movers and More LLC, 330 E. 257th Street, Euclid, OH, 44132. The net proceeds of this sale will be returned to the Permanent Improvement Fund

17-232 Auction Vehicles

That the Twinsburg Board of Education authorizes the Business Manager to sell Bus #3, Bus #11 and the 2006 Silver Ford E-150XL Van, which have been determined to be no longer needed for school purposes. The buses and van will be posted on an online auction site, Bus Movers and More LLC, 330 E. 257th Street, Euclid, Ohio 44132. The net proceeds of this sale will be returned to the Permanent Improvement Fund

Ayes: Mr. Cellura, Mr. Curtis, Mrs. Davis, Mr. Felber, and Mrs. Turle-Waldron. The Board President declared the motions approved.

17-233 EXECUTIVE SESSION

Mr. Curtis moved and Mrs. Davis seconded that the Twinsburg Board of Education meet in Executive Session at 8:35 p.m. to discuss employment and compensation of public employees, as per Board of Education Policy #0166 (A).

Ayes: Mr. Cellura, Mr. Curtis, Mrs. Davis, Mr. Felber, and Mrs. Turle-Waldron. The Board President declared the motion approved.

The Board reconvened from Executive Session at approximately 10:25 p.m. The following members were present: Mr. Cellura, Mr. Curtis, Mrs. Davis, Mr. Felber, and Mrs. Turle-Waldron.

17-234 Adjournment

Mr. Curtis moved and Mrs. Davis seconded that the Twinsburg Board of Education adjourn at 9:49 p.m.

Ayes: Mr. Cellura, Mr. Curtis, Mrs. Davis, Mr. Felber, and Mrs. Turle-Waldron. The Board President declared the meeting adjourned.

June 07, 2017

INTRODUCTION:

A prudent reader should not make assumptions or believe that this forecast by its nature conveys anything more than an indication of a probable future financial position of the School District. Events and circumstances frequently do not occur as expected and will significantly alter the outcomes and results of the forecast and assumptions. Therefore, professional sophistication, due diligence, caution, and care are required when using and interpreting forecast information.

The Five-year Forecast is a planning document for the Twinsburg City School District. The purpose is to increase the level of communication regarding the school's fiscal status. Forecasts are built on assumptions and current state and federal laws that *can*, *will* and *do* change over time. The forecast, numbers and assumptions while made in good faith cannot be guaranteed.

The Five-year Forecast is designed to provide the administration, board of education and the public a **general indication** of a probable future financial position of the School District based on information currently available to the School District. The reasonableness of this forecast and the accuracy of assumptions rests with the District's administration and the Board of Education.

COMMITMENT TO FISCAL RESPONSIBILITY

An educated reader knows that forecasts are not built with the precision of a Swiss time piece. One just has to look at the front page of the Wall Street Journal to see that "XYZ" Company adjusts their yearly forecast to meet market pressures. Even CEOs with salaries in the millions of dollars and premier accounting departments have to make changes to their prognostications. The Benchmark for Twinsburg School District is reported by the ODE. It is the cost to educate each student. According to the FY16 CUPP Report Twinsburg spends \$10,672 per pupil. This is less than State Average, Similar Districts and many of our neighboring school districts. And while the Twinsburg School District is recognized by the state as a high performing school district. It could be said that we provide "bang for the buck".

Cost per	Pupil
Bedford	\$14,700
Solon	14,087
Hudson	12,900
Nordonia	11,604
Aurora	11,462
State Avg.	11,164
Similar Districts	10,936
Twinsburg	10,672

The Five-year Forecast is a necessary tool focusing management's attention on future financial needs while facilitating strategic planning and discussion. The financial plan should provide for the optimal allocation of scarce resources in the delivery of services to our kids. What follows is our attempt to create a forecast using professional judgment within the philosophical base rooted in four key concepts. It is a look into the future through a snapshot of today.

- **REALISTIC** We all want the best for our students. Yet there are economic realities that dictate what is possible for our school district. Our future should be realistic given our unique circumstances.
- **CAUTIOUS** A cautious approach is neither overly optimistic nor pessimistic. It seeks the prudent path in predicting revenues and expenditures.
- **PROBABLE** Given the current circumstances and the goals of our school district, this is the forecast that is most likely to occur.
- **SUPPORTABLE** A good set of projections needs to include the rationale for assumptions. This is a combination of historical trends, current conditions and professional judgment about the trends.

June 07, 2017

In 1999 House Bill No. 412 mandated that school districts annually produce a five-year forecast by December 31 and update the forecast as necessary. The Forecast documents and provides the transparency necessary to keep all stakeholders informed of the District's projected financial position. If a district entered Fiscal Emergency, one could not claim "I did not know". Current statute requires the Forecast be submitted by October 31 with an update due in April or May.

It's important to note the Ohio Supreme Court has ruled (**DeRolph**) and reaffirmed its ruling through appeal that the current method of funding public education in Ohio is *Unconstitutional*. The legislature has made attempts to comply with this decision and to correct the funding method that overly relies on local property taxes, but to date the ruling has not been satisfied. Much to the contrary, as the state has eliminated the tax on Tangible Personal Property (TPP). Schools alone have lost approximately \$1.6 billion annually based on base year 2004 collections.

During these uncertain economic times the administration and Board of Education endeavor to contain expenditures and continue to examine areas to make future resource reallocations. Our goal is to create dynamic curriculum and learning environment that challenge all students' creative, analytical and critical thinking abilities and skills beyond standardized requirements.

RECENT EVENTS:

JOB WELL DONE: Twinsburg City School District continues to receive the highest academic ratings. **U.S. News & World Report ranks Twinsburg High School number 42 out of 741 Ohio high schools in 2016! THS also ranked number 1049 in the U.S. out of more than 21,000 high schools.** That is the top 5 **percent**. The Board of Education and Administration are constantly looking at the data searching for areas to enhance educational results. In addition, the School District has received fourteen straight Certificates of Achievement for Excellence in Financial Reporting since 2001 and numerous Awards with Distinction given by Auditor of State's Office for obtaining a clean audit. While attaining these ratings and awards, the School District has closely monitors expenditures looking for ways to reduce costs. As a result, Twinsburg School District's current per-pupil expenditures are well below the State's average.

LEVY: The Twinsburg School District has long appreciated the support of our local communities. On May 2, 2017 voters approved a 6.9 mill levy generating approximately \$5.6 million annually. This levy is necessary to fill the hole created by the State of Ohio reducing the TPP payments/reimbursements.

LEGISLATION: There has been two important pieces of state legislation that has either capped the amount of tax dollars a school district can receive, or has completely eliminated it. In 1976, House Bill 920 (HB 920) was signed into law, and this legislation caps the amount of property tax dollars collected. The property taxes cannot increase as a home's appraised value increases due to inflation. More importantly, House Bill 66 (HB66) was enacted July 1, 2005 eliminating the taxation of *Tangible Personal Property*. The TPP tax was a local source of revenue from local businesses to school districts. **High performing school districts with a large commercial/industrial base like Twinsburg, Solon, Bedford, Berea and Cuyahoga Heights are experiencing markedly reduced revenues.** For Twinsburg School District this lost revenue accounted for \$9.8 million annually or approximately 28% of revenues.

STATE OF THE STATE: Past Governor Strickland in 2009 proposed a comprehensive reform of the then current school funding model with the intent of increasing the State's share of educational funding via targeted assistance. Current Governor John Kasich discarded the Strickland model and has redesigned the funding mechanism. At the same time bureaucrats have embraced legislation under the guise of educational choice to siphon away approximately 1 billion in tax

dollars to charter schools, electronic schools, and profit based, corporate educational enterprises. Charter Schools are lacking the transparency and accountability of traditional public schools. Charter schools attract the likes of Michael Milken, the "Junk Bond King", who according to an April 26, 1990 New York Times article " in U.S. District Court Tuesday he (Michael Milken) pleaded guilty to six felonies and agreed to put up 600 million, \$200 million of that in fines, to settle the biggest fraud case in the history of the securities industry".

FINANCIAL UNCERTAINTY: The federal government's efforts to stem the 2008 financial meltdown added hundreds of billions if not trillions of dollars to an already staggering national debt. Hundreds of billions were paid to bail out banks and corporations that were deemed "Too Big to Fail". The nation's is shifting from an economic crisis to a debt crisis! The national debt is over \$19 Trillion. Nearly fifteen percent of federal revenues are used to pay interest, second only to spending for the social programs of Health and Human Services, HUD and food stamps.

FEDERAL STAGNATION: The Federal Legislative bodies' inability to work together may ultimately lead to selective budget cuts. This would impact Federal programing by reducing funding to grants for special education, reading intervention, nutritional programs, etc. Federal rebates for the interest payments on HB264 energy conservation projects have been reduced. Consequently, the Twinsburg School District has had to pay these program short falls from their general operating revenues further stressing the District's budget.

THE FORECAST should be thought of as a Barometer showing the rise and fall in financial pressure. It is not an unwavering course with exacting routes and distances. If you think of it more as a Navigation device, Garmin if you will, the Forecast will show you your destination and "Recalculates" when obstacles and detours are encountered.

The current fiscal year's forecasted expenditures include encumbrances and appropriations. Estimates of expenditures for the next four years are developed using the current year's data and trend analysis of past results. The School District's major sources of revenue for the current fiscal year are property taxes as certified by the Summit County Fiscal Officer and State Foundation Aid from the ODE. As part of the administrations fiduciary duties, continual efforts are made to reduce expenditures and to find additional sources of revenues. It is important to note that future forecasts will differ. Decisions made at the State and Federal level, unknowns such as energy unit costs, health care premiums, the number of sick days taken, and special education mandates impact the future years as presented in the forecast.

The School District has made substantial efforts to contain and reduce costs. Through attrition and other cost cutting measures the School District cut \$2.6 million dollars from the 2013 budget. Negotiating labor contracts, upgrading equipment, consortium buying, grant

opportunities, and scrutinizing personnel will help contain overall costs. In addition the School District collects Pay-to Participate fees, extracurricular fees and academic course fees, similar to districts throughout the State.

REVENUES:

Line 1.010 - Real Estate Taxes

After decades of increases, Real Estate Valuations actually decreased following the Housing Market/Home Mortgage fiasco 2008/2009. The Chrysler facility, at one time the City's largest employer closed March 2010. Subsequently, it was dismantled reducing taxable values from \$33.3 million to \$5.7

Minutes of REGULAR MeetingJune 07, 2017

million and a loss to the School District of over \$350,000 in property taxes. The Summit County Fiscal Officer notified the School District that overall property valuations declined by \$70 million resulting in a reduction of property tax collections. Monitoring of real property tax collections is crucial as it represents over 64% of FY16 revenues. Redevelopment projects will receive abatements from the City.

Line 1.020 - Tangible Personal Taxes (TPP)

HB 66 legislation enacted in 2005 eliminated the tax paid by businesses on virtually all Tangible Personal Property. This legislation set forth that the State would for five years fully reimburse districts the amount of lost revenues (\$1.6 billion). Then starting in tax year 2011 would incrementally eliminate this reimbursement. A tax once under local control has been permanently eliminated and replaced by a State controlled Commercial Activity Tax. As the State eliminates the TPP reimbursements these dollars are used to fill the State's coffers at the expense of Local Governments. The State's biennium budgets have, for the fifth time, changed the laws governing the loss of TPP. For Twinsburg Schools the TPP tax collection in the base year 2004 was \$9.8 million and on line 1.020. For fiscal year 15, the TPP reimbursement on line 1.050 was \$6.2 million – a reduction of \$3.6 million or equivalent to a 4.65 mills. Twinsburg School District will permanently lose this revenue and will potentially be faced with a *FISCAL EMERGENCY*.

Line 1.035 - Foundation Program

The Foundation Program is the State's aid program funding school district operations. Since September 2009, there has been FOUR State enacted School-Funding Models (SF-3, PASS, Bridge, and SFPR). In 2009 HB 1 renamed the SF-3 Foundation and redesigned the calculations. The State in 2011 again redesigned the calculation and replaced it with a third funding mechanism. And yet again HB59 in 2013 redesigned the calculation. These redesigns have cost Twinsburg Schools a significant amount of money by changing the calculations and capping increases. The September 2016 SFPR indicates that Twinsburg School District should receive over \$9.2 million in State aid. However, after legislative actions, this funding is "Capped" at \$5.2 million. The result is a loss of \$4.0 million due to the "Cap".

Foundation aid from the State will remain flat and a dicey portion of total revenue in light of recent State budget pressures. This Five Year Forecast covers a time frame that includes Four State Biennium Budget Cycles. We have neither control over nor insight into the outcomes of future state budgets.

Further eroding local resources are profit based charter schools, EdChoice and various "scholarships". State Aid is deducted at \$6,805 and not at the per pupil allocation of \$1,255 the School District actually receives. Moreover, charter schools do not have to pass levies, operate outside many legal requirements and unfunded mandates placed on public schools while historically most receive dismal results on the Ohio Department of Education's Report Card. Also the misuse of funds was uncovered by the State of Ohio Auditor. "April 23, 2013 Special Audit of Charter Schools in Cleveland Racks Up \$1.3 Million in Findings."

<u>Casino Money</u>: Ohioans have approved the establishment of four Casinos in Ohio. There are estimates that Ohio Schools would receive approximately \$50 per pupil from casino generated revenues. Twinsburg Schools received \$210,295 in FY15 and \$208,230 in FY16.

Line 1.050 - Homestead and Rollback including Direct TPP payments

Homestead and Rollback payments represent the reimbursement of a 10% discount given property owners and an additional 2.5% discount is given to owner occupied parcels and come from the State. When the State proposed the income tax in 1972, taxpayers were promised Real Estate tax relief if the income tax was approved. In 2013 HB59 ended this promise by denying the discount and reimbursement on all new levies. In addition, direct TPP reimbursement payments from the State CAT Tax flow through line 1.050 as required by the Auditor of State. HB64 holds in place the TPP reimbursements for FY 16 and reduces the reimbursement for FY 17 and beyond.

272

June 07, 2017

Line 1.060 – All Other Sources

All other revenues include interest, tuition, student fees, rental charges, and miscellaneous receipts.

EXPENDITURES:

Line 3.010 - Personal Services

Salaries for fiscal year 2017 are based upon the current contracts for teachers and staff. The recent changes to the State retirement systems have prompted additional

retirements and the associated retirement payouts. The Operational Change Plan cut approximately \$2.6 million in salaries and benefits from the FY13 budget. Regretfully as part of the Operational Change Plan, several teachers and staff members were laid-off to reduce expenditures. In light of economic pressures and with salaries and benefits accounting for nearly 85 cents of every dollar spent the School District may fall short of future staffing expectations as economic pressures grow.

Increasing pressure on staffing as a result of OTES, Third Grade Reading Guarantee, High Stakes Testing and Next Generation Testing has necessitated the addition of specialized staffing. FY 14 saw the addition at the elementary level of two reading specialists to support struggling readers transcend the third grade reading guarantee and three-and-a-half administrative staff to facilitate the ever-increasing state directed mandates. Currently, efforts to support student achievement throughout the district have resulted in bringing additional staff on board. Five teachers were hired as academic coaches to support student learning across the entire curriculum. The increasing demands for on-line testing resulted in the addition of three technology staff members. Furthermore, as the number of children with disabilities and with Autism grows the demand for additional staff and supports are put into place to service this population.

Line 3.020 – Employee Retirement and Insurance

Fringe benefits are calculated as a percentage of total salaries and wages. Costs for benefits include 14% for retirement (STRS and SERS) and 1.45% for Medicare. Health Care (HC) costs increase annually and have tripled since 1999 and continue to out-pace inflation. The School District is a member of a HC Consortium that covers over 13,000 lives (shared services). It is self-funded and has a set amount of cash reserve they are required to maintain. When the Consortium has a favorable claims experience for a year, the reserve will exceed the required amount. The Consortium then rebates the excess reserves to the member districts via "Premium Holiday". While typically there is one premium holiday, last year there were two.

Line 3.030 – Purchased Services

Purchase Services represent items from insurance, to copier leases, to legal fees, to health/nursing related services, to behavioral health services, to tuition costs for students educated by other districts. The costs for services for special needs students, test scoring, and professional development are ever increasing. Tuition encompasses State deductions for charter and electronic schools, Peterson deductions, Autism deductions and direct payments for outplaced special needs students. These expenditures have increased from approximately \$400,000 in FY09 to over \$1.3 million in FY16.

The School District utilizes the buying power of the Ohio School Council Consortium for electricity and natural gas buying power. FY 12 saw a significant reduction in natural gas cost and usage. The energy conservation project at the high school, the mild temperatures over the winter and the drop in natural gas pricing has favorably reduced energy expenditures. The School District and the City's fitness center have a utility sharing agreement. We budget and pay the entire utility cost and subsequently are reimbursed by the City for their portion of the cost. As technology becomes a greater partner of learning, there has been an increase in costs for computer software. Software programs expanded learning opportunities and facilitate student assessments. Additionally, technology supports many administrative functions.

June 07, 2017

Line 3.040 – Supplies and Materials

This includes educational supplies and consumables, as well as cleaning supplies. Additionally, fuel, tires and repair parts for the School District's fleet of 44 buses are incorporated in this category. The School District participates in several purchasing consortiums to reduce expenditure costs on routine purchases.

Line 3.050 - Capital Outlay

The Permanent Improvement fund is used for capital expenditures. The School District has not budgeted substantial resources from the General fund for equipment, fixtures, furniture and textbook purchases.

Line 4.300 – Other (Expenditures)

The major expenditures for this category are non-discretionary fees associated with the Summit County tax collection process in addition to fees the State charges. These fees are set by laws and cannot be changed or altered by the School District. Also in this category are audit costs, ESC costs, membership fees, etc.

Lines 4.020 to 4.060 - Repayment of Debt Service

August 2010 the School District undertook a House Bill 264 Energy Conservation Project at the high school replacing lighting, boilers and HVAC controls. The \$2.6 million project is financed via reductions in utility costs. A Federal Government program rebates a large portion of the interest expense back to the School District. The Purchased Services line 3.030 decreased as a result of this initiative.

Recently a HB 264 project was completed at RB Chamberlin. There were lighting upgrades and an old boiler was replaced by a high efficiency machine to help reduce heating costs.

WHERE HAS ALL THE MONEY GONE?

A Cleveland Plain Dealer editorial from Sunday October 24, 2010 entitled "Schools need long-term FIXES, MONEY today" states "public schools are in deep, deep trouble." It continues with "… excellent districts are imperiled by a shrinking tax base, rising number of needy and disabled students, galloping costs for special education, equipment, textbooks and services and a tide of new unfunded state mandates." "These problems are likely to get worse…"

At the national level, Federal spending has inflated the national debt to over \$19 trillion. At some point will the Federal Government will reach the limits of deficit spending. At the local level voters are frustrated with the overall level of taxation. Voter fatigue manifests itself in ever increasing push back as districts attempt to obtain additional levy funding to offset State reductions. Unfortunately, a school levy is one of the few places voters can voice their frustration with the political system.

Twinsburg School District currently has a significant fund balance. This is one-time money that will be used to balance the budget over the next several years. **THEN IT WILL BE GONE!!!** The TPP/ CAT Phase out leaves the huge funding GAP as TPP/CAT Dollars are reduced and permanently eliminated. The fund balance precipitously falls as these reimbursements are systematically eliminated.

Note: The significant fund balance as of June 30, 2016 will be gone in a very short period of time. Fund balance dollars will fill the GAP left by the loss of TPP and mask the structural operating deficit as the School District receives fewer and fewer dollars from the State.

June 07, 2017

CONCLUSION: Future revenue streams are very soft numbers in light of the State's reluctance to fully fund its share of education in Ohio. The State's budget is for two years and the State does not provide any budget data beyond June 2017. Furthermore, HB66 demonstrates the State's ability and willingness to significantly alter the collection of Local Tax Revenues upon which Twinsburg Schools depend. The State Budget Bill HB66 enacted July 1, 2005, is still causing uncertainty and increasing the level of forecasting difficulty as legislators and the governor keep changing the TPP/CAT phase-out timing and method.

Twinsburg City School District continues to face significant challenges. The challenges are to provide an ever increasing level of services to children with diverse abilities, needs, backgrounds, cultures, and requirements. This must be done with a level of funding that is neither stable nor predictable. Numerous funding models, HB59, HB66, Senate Bill 5, Charter Schools, and expanding voucher programs are perniciously nibbling away at public education funding and negatively impacting our prognostication. Oftentimes factions are more concerned with their own special interests than what is best for the education of all students.

The State backfills its coffers by shifting the tax burden from the State to the local level via cuts to local funding. At the local level, Boards of Education must make decisions that could require *major budget cuts* and staff reductions then decide if replacement revenues will be requested.

If corporate sponsored political think tanks are permitted to continue to rewrite educational policies, someday there may be communities in Ohio where public schools as we know them do not exist.

Respectfully Submitted Martin Aho, Treasurer/CFO

Education costs money, but so does ignorance: Sir Claus Moser

ALTERNATIVE TAX BUDGET INFORMATION

Political Subdivisions Excluding School Districts

Political Subdivision/Taxing Unit TWINSBURG PUBLIC LIBRARY

For the Fiscal Year Commencing January 1, 2018

Fiscal Officer Signature

ausmy Chance

Date 12-May-17

COUNTY OF SUMMIT

Background

Substitute House Bill No. 129 (HB 129) effective June 3, 2002, was enacted by the 124th General Assembly in part to allow a county budget commission to waive the requirement that a taxing authority adopt a tax budget for a political subdivision or other taxing unit, pursuant to Ohio Revised Code (ORC) Section 5705.281.

Under the law in effect prior to June 3, 2002, the budget commission could only waive the tax budget for a subdivision or other taxing unit that was receiving a share of the county undivided local government fund or the county undivided local government revenue assistance fund under an alternative method or formula pursuant to ORC Sections 5747.53 and 5747.63. Thus, tax budgets could be waived only for counties, municipalities, townships and park districts. This restriction is now removed.

Ohio Revised Code Section 5705.281

Under the amended version of this section pursuant to HB 129, a county budget commission, by an affirmative vote of a majority of the commission, including an affirmative vote by the county auditor, may waive the tax budget for any subdivision or other taxing unit. However, the commission may require the taxing authority to provide any information needed by the commission to perform its duties, including the division of the tax rates as provided under ORC Section 5705.04.

County Budget Commission Duties

The county budget commission must still certify rates to each subdivision or other taxing unit, by March 1 for school districts and by September 1 for all other taxing authorities under ORC Section 5705.35, even when a tax budget is waived. Also, the commission is still required to issue an official certificate of estimated resources under ORC Section 5705.36.

Therefore, when a budget commission is setting tax rates based on a taxing unit's need, for purposes of ORC Sections 5705.32, 5705.34 and 5705.341, its determination must be based on that other information the commission asked the taxing authority to provide under ORC Section 5705.281, when the tax budget was waived. Also, an official certificate must be based on that other information the commission asked the taxing authority to provide.

County Budget Commission Action

At a May 7, 2002 Summit County Budget Commission meeting, the commission with an affirmative vote of all members waived the requirement for taxing authorities of subdivisions or other taxing units (including schools) to adopt a tax budget as provided under ORC Section 5705.281, but shall require the filing of this Alternative Tax Budget Information document on an annual basis.

Alternative Tax Budget Information Filing Deadline

The fiscal officer of a political subdivision (not a school district) must file one signed copy of this document with the Summit (Adopted 5/7/02)

Revised 06/29/10

June 07, 2017

GUIDELINES FOR COMPLETING THE ALTERNATIVE TAX BUDGET INFORMATION

SCHEDULE 1

The general purpose of schedule 1 is to meet the requirement of Ohio Revised Code (ORC) Section 5705.04 which requires the taxing authority of each subdivision to divide the taxes levied into separate levies. For help use the Summit County Budget Commission Certification of Tax Levy Estimate issued by the budget commission for the current year and add any new levies. This will help to ensure that no levies are missed.

In column I list only those individual funds which are requesting property tax revenue. In column II purpose refers to the following terms; inside, current expenses and special levy for example. In column IV levy type refers to renewal, additional and replacement for example. In column IX state the estimate of gross property tax.

SCHEDULE 2

The general purpose of schedule 2 is to demonstrate the need to produce property tax revenues to cover the estimated expenditures for the budget year.

ORC Section 5705.341 states in part; Nothing in this section or any section of the ORC shall permit or require the levying of any rate of taxation, whether within the 10 mill limitation or whether the levy has been approved by the electors, the political subdivision or the charter of a municipal corporation in excess of such 10 mill limitation, unless such rate of taxation for ensuing fiscal year is clearly required by a budget properly and lawfully adopted under this chapter or by other information required per ORC 5705.281."

Property Taxes include real estate taxes, public utility personal property taxes, homestead and rollback amounts.

Personal Property Tax Reimbursements include public utility personal property and tangible personal property reimbursement amounts. Total Expenditures: all expenditure line items and transfers out. In columns II and III complete the data from the last two fiscal years.

SCHEDULE 3

The general purpose of schedule 3 is to produce an Official Certificate of Estimated Resources for funds that do not receive property tax revenue. In column III the total estimated receipts should include all revenues plus transfers in.

SCHEDULE 4

The general purpose of schedule 4 is to provide inside/charter millage for debt service. The basic security for payment of general obligation debt is the requirement of the levy of ad valorem property taxes within the 10 mill limitation imposed by Ohio law. Ohio law requires a levy and collection of ad valorem property tax to pay debt service on general obligation debt service is paid from other sources.

SCHEDULE 5

The general purpose of schedule 5 is to provide for the proper amount of millage to cover debt service requirements on voted bond issues. Major capital improvement projects are sometimes financed through the use of voted bonds. The taxing authority seeks voter approval of general obligation bonds and of the levy of property taxes outside the indirect debt limitation in whatever amount is necessary to pay debt service on those bonds.

SCHEDULE 6

The general purpose of schedule 6 is to properly account for tax anticipation notes. See schedule 6 for more details.
