- Parent/Guardian drop-off and pick-up will take place at the playground doors and in the playground parking lot. Please **do not** drop off students at the Welcome Center in the morning.
- **Cars must SLOWLY enter the playground (speed limit is 10 mph), follow the arrows to the loading zone, stop to drop off and pick up children in the designated areas.**
- Children will exit cars (morning) and enter cars (afternoon) from the passenger side back door. Drivers should not exit their vehicle. **It is important that children are able to operate their seatbelt, open the car door on the passenger side, and handle their backpack/belongings independently.**
- We appreciate your help in maintaining a safe drop off routine as you exit slowly through the same drive you entered.
- Bissell staff will be by the back doors to greet and dismiss students.
- **FOR AFTERNOON PICK-UP:** Parents who plan to pick-up their children in the afternoon **MUST** have a Bissell Car Tag. Each family will be assigned a number that will be used to identify children for the appropriate vehicle. Families may request **1 or 2 passes** to put in your vehicles for pick-up. **Drivers without a pass will have to park in the parking lot and go to the Welcome Center before child/children will be released.**

August 2024

Dear Parents/Guardians,

If you plan to pick-up your child/children this school year (2024-25 school year), please complete and return the form at the bottom of this page to the Bissell office or your child's current teacher. Only one form per family is necessary. **If you are a returning 3rd Grader, and had a Bissell Car Tag last school year, you are able to use it again this school.**

For all other students, the Bissell office staff will assign a Bissell Car Tag for you and it will be sent home once it is processed. Your car tag will need to be displayed in the car window as you enter our playground pick-up line. Drivers without a pass will have to park and go to the Welcome Center before children will be released.
