

Pixlr Editor Requirements:

1. Students do not need to login to Pixlr to use the editor. Chromebooks will default to their google drive as an open and save location and the PC will default to a location on their computer.
2. If students do need to login they should click login, then click Sign in with Google and use their school Google Account. They should not sign up and create their own accounts.
3. Students need to have a Network/Internet AUP and COPPA form on file giving consent.
