

## Quill.org (Free Version) Requirements

1. Students must have signed COPPA form on file giving consent.
2. Teachers should sign up and log in using their school Google Credentials
3. Teachers will then need to import their Google Classrooms to create classes in Quill.org
4. Once teachers import their Google Classrooms, students will be able to log in using Google Chrome and will have the class on their Quill.org dashboard.
5. Students can not use Quill.org until the student is in a class of the teacher on the teacher account.
6. Teachers and students will be asked to allow Quill to view certain Google Classroom features in order to use the Google Classroom features.
