

The following tool has been approved and can be used contingent on the following requirements:

Tool: Noredink

Requirements:

1. According to the terms of use, permission must be given by a parent or guardian for students under the age of 13 to use the service. Also, according to the privacy policy, students under the age of 18 must have a legal guardian or parent's consent to use the service.

Therefore, a student must have a COPPA form on file giving consent by a parent/guardian

2. Students sign up using the class code provided by the teacher
3. It is highly recommended students sign up using their school Google account
4. Students should select "Decline to State" for Gender
5. If a student does not use their school Google account to sign up, the following guidelines should be used when creating a student account:
  - Student's first name and last initial should be used when entering first and last name
  - Student's network username (ie JS1213512) should be used for the student's username
  - Students should not enter the optional email. If a student needs their password, the teacher can reset it from their login.
  - Students should select "Decline to State" for Gender
