(5/9) Did you know 50% of all lifetime mental illnesses begin by age 14 and 75% by age 24? Since 1949, May has been designated mental health awareness month; the goal is to address the challenges faced by millions of individuals living with mental health conditions. The movement is dedicated to, extending support and resources, providing education, reducing stigma, and advocating for policies that prioritize the well-being of individuals and families affected by mental illness. This week is youth mental health awareness week. To show our support, we invite you to "be seen in green" TOMORROW.. If you or someone you care about is struggling with mental health, reach out to your school counselor, Beech Brook worker, principal, or other trusted adult for help or support.

Tomorrow several THS students and staff members will travel to Nordonia for the 2024 Special Olympics. Here's THS News Reporter Charlie Stanski with the story.

That's all for today. Remember to tune in every school day by 11:10 for YOUR THS News! Thanks for watching and have a great day!
