SIZES & SHAPES

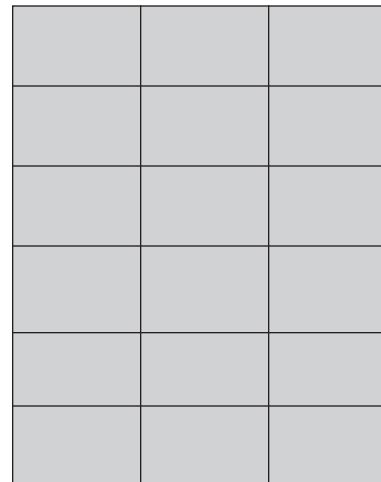

Select the Size and Shape Right for You

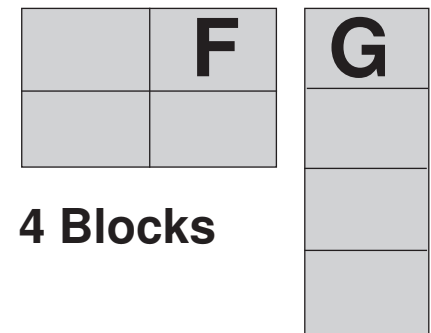

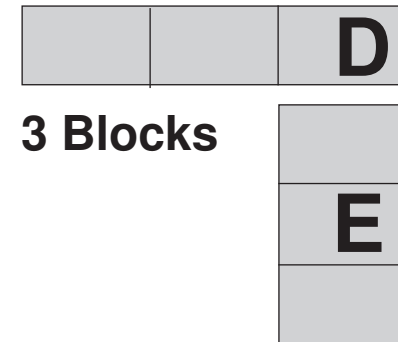

Space is available as variations of the basic block, which measures 1-1/2 by 2-1/2 inches. The block above illustrates the actual size.

Eighteen variations are available. The grid below illustrates how the page is divided. Shapes are created by combining adjoining blocks. Shapes can be vertical or horizontal.

Division of Full Page

Below are Sample Formats as Coded by Letter:

4 Blocks

On the sample to the left, cross out the blocks that indicate the shape for your advertisement.

As a member of the Twinsburg area business community, or as a business that provides services or supplies to our school system, we ask for your support with an advertisement in our 2020 yearbook.

Your advertisement not only shows your support, but also allows us to publish our yearbook at an affordable price to our students. Advertisers' generosity provides approximately a third of our revenue.

Available For
2020

PHOTOGRAPHY SPECIAL—

We take pride in the photographic excellence we strive for in our yearbook and the skills we learn in its publication.

Our Staff can create a photographic presentation featuring Twinsburg students at your business if you purchase an advertisement that is four blocks or larger.
