

# Counselor's Corner

November  
2024

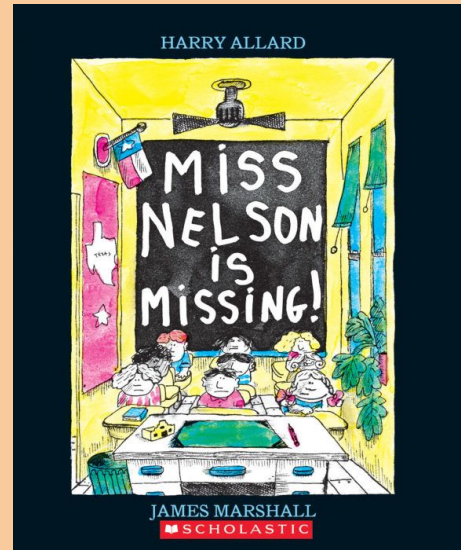

## November Guidance

In the month of November our students are going to learn about Expected vs. Unexpected behaviors in the classroom.

During this lesson the students will:

- Learn about **Expected** vs. **Unexpected** behaviors and how they make others feel.
- Discuss what being **Responsible**, **Respectful**, **Caring**, and **Safe** look like in the classroom.
- Learn about **Consequences** and what they may look like.
- Read the story "Miss Nelson is Missing" by James Marshall.
- Discuss the story.
- Do an activity where students will circle/color expected vs. unexpected behaviors

Please feel free to reach out to me with any questions or concerns and I will be glad to help!
