September Guidance

In the month of September our students are going to have a Guidance lesson called "Meet Your School Counselor".

During this lesson the students will:

- Learn who a School Counselor is and what she does through the Mr. Potato Head activity.
- Discuss how a School Counselor can help students.
- Color the "Meet Your School Counselor" Mr. Potato Head coloring page.
- Take a 5 question Pre-assessment to test student understanding of self-awareness and social skills.
- Post-assessment will be taken in May to see how much students have learned.

Please feel free to reach out to me with any questions or concerns and I will be glad to help!
