Minutes of REGULAR Meeting

May 21, 2008

---

The Twinsburg City School District Board of Education met in REGULAR session on the above date at the Twinsburg Government Center in Council Chambers at 7:00 p.m. The following board members were present: Mr. Buzulence, Mrs. Cain-Criswell, Mr. Shebeck, and Mr. Stuver. Absent was Mr. Andrews. Recordings of the meeting are made and kept in the Superintendent's Office.

Mr. Buzulence, Board Vice President presided over the meeting in the absence of Board President, Mr. Andrews. Mr. Marlow noted the next Board meeting will be July 9, 2008.

08-153 **Deny Expulsion Appeal**

Mr. Buzulence moved and Mr. Stuver seconded that the Twinsburg Board of Education Deny the Expulsion Appeal heard at the May 7 Board meeting in executive session.

*Ayes: Mr. Buzulence, Mrs. Cain-Criswell, Mr. Shebeck, and Mr. Stuver.  
The Board Vice President declared the motion approved.*

08-154 **Five Year Forecast**

Mr. Shebeck moved and Mrs. Cain-Criswell seconded that the Twinsburg Board of Education of Twinsburg City School District, Summit County, approves the Five-Year Forecast, upon the recommendation of the Superintendent. See pages 161-167

*Ayes: Mr. Buzulence, Mrs. Cain-Criswell, Mr. Shebeck, and Mr. Stuver.  
The Board Vice President declared the motion approved.*

08-155 **Deletion from Inventory**

Mr. Stuver moved and Mrs. Cain-Criswell seconded that the Twinsburg Board of Education approves the attached listing of items for deletion from inventory, upon the recommendation of the Superintendent. See pages 168-175

*Ayes: Mr. Buzulence, Mrs. Cain-Criswell, Mr. Shebeck, and Mr. Stuver.  
The Board Vice President declared the motion approved.*

**Mrs. Cain-Criswell moved and Mr. Shebeck seconded that the Twinsburg Board of Education adopt resolutions 08-156 to 08-160.**

08-156 **Employment**

That the Twinsburg Board of Education approves the employment of the following staff, Stacey Keyes, Permanent Sub Bus Driver, Step 1, effective May 12, 2008, upon the recommendation of the Superintendent.

08-157 **Employment**

That the Twinsburg Board of Education approves the employment of the following Classified substitute, Joseph Habarek, Bus Driver, effective May 5, 2008, for the remainder of the 2007-2008 school year, upon the recommendation of the Superintendent.

**08-158 Employment**

That the Twinsburg Board of Education approves a Supplemental Contract for Dave Rowbotham, for attending Dodge Intermediate Sixth Grade Camp May 14-16, 2008, upon the recommendation of the Superintendent.

**08-159 Employment**

That the Twinsburg Board of Education approves the employment of the following summer help Aaron Lindsey, James Taylor, and Pat Wagner, at \$8.35 per hour, per time-sheet, for approximately thirteen (13) weeks, upon the recommendation of the Superintendent.

**08-160 Employment - Seperation**

That the Twinsburg Board of Education approves the termination of Nicole Clark, Janitor at Dodge Intermediate School, effective May 7, 2008, upon the recommendation of the Superintendent.

*Ayes: Mr. Buzulence, Mrs. Cain-Criswell, Mr. Shebeck, and Mr. Stuver.  
The Board Vice President declared the motion approved.*

**08-161 Executive Session**

Mrs. Cain-Criswell moved and Mr. Stuver seconded that the Twinsburg Board of Education meet in Executive Session at approximately 7:40 p.m. for the purpose of discussing:

The appointment, employment, dismissal, discipline, promotion, demotion, or compensation of public employees and legal matters.

Ayes: Mr. Buzulence, Mrs. Cain-Criswell, Mr. Shebeck, and Mr. Stuver  
The Board Vice President declared the motion approved.

The Board reconvened from Executive Session at approximately 9:39 p.m.

The following members were present:

Mr. Buzulence, Mrs. Cain-Criswell, Mr. Shebeck, and Mr. Stuver.

**08-162 Adjournment**

Mr. Shebeck moved and Mr. Stuver seconded that the Twinsburg Board of Education adjourn at 9:40 p.m.

Ayes: Mr. Buzulence, Mrs. Cain-Criswell, Mr. Shebeck, and Mr. Stuver.  
The Board Vice President declared the meeting adjourned.

**INTRODUCTION:**

In 1999 House Bill No. 412 mandated that school districts annually produce a five-year forecast by December 31 and update the forecast as necessary. Current statute requires the five year forecast be submitted by October 31 with an update due in April or May.

The Five-year Forecast is a critical planning document for the Twinsburg City School District. Forecasts are built on assumptions and laws that *can, will and do* change over time. The forecast, numbers and assumptions while made in good faith cannot be guaranteed. The reasonableness and accuracy of this forecast and assumptions rest with the district administration and the Board of Education.

The forecast is designed to provide the administration, board of education and the public a general indication of a probable future financial position of the School District based on information currently available to the School District.

The Five-year Forecast is a necessary tool focusing management's attention on future financial needs while facilitating strategic planning and discussion. The financial plan should provide for the optimal allocation of scarce resources in the delivery of services to our kids. What follows is our attempt to create a forecast using professional judgment within the philosophical base rooted in four key concepts. It is a look into the future through a snapshot of today.

- **REALISTIC** - We all want the best for our children. Yet there are economic realities that dictate what is possible for our school district. Our future should be realistic given our unique circumstances.
- **CAUTIOUS** – A cautious approach is neither overly optimistic nor pessimistic. It seeks the prudent path in predicting revenues and expenditures.
- **PROBABLE** – Given the current circumstances and the goals of our school district, this is the forecast that is most likely to occur.
- **SUPPORTABLE** – A good set of projections needs to include the rationale for assumptions. This is a combination of historical trends, current conditions and professional judgment about the trends.

It's important to note the Ohio Supreme Court has ruled and reaffirmed its ruling through appeal that the current method of funding public education in Ohio is *Unconstitutional*. The legislature has made attempts to correct the funding method that overly relies on local property taxes, but to date the court's ruling has not been satisfied. With each ensuing Biennial Budget Bill, State legislators establish budget priorities that do not comply with the DeRolph decisions.

Twinsburg City School District continues to face significant challenges. During the 1990's there was significant residential and business growth. Prior reports reflect property value growth and a considerable increase in student population. However, as the State struggles with a lack luster economy, state support of schools, libraries and the like, has been lagging. State budget cuts and elimination of tangible personal property taxes will negatively impact our financial prognostication.

During these uncertain economic times the administration and Board of Education endeavor to contain expenditures and continue to examine areas to make future resource reallocations. Our goal is to create dynamic curriculum and learning environments that challenge all students' creative, analytical and critical thinking abilities and skills beyond standardized requirements. Our focus on student achievement has garnered an Excellent rating from the Ohio Department of Education for two consecutive years and four years overall. Our focus on fiscal responsibility has earned the "Making Your Tax Dollars Count Award" for excellence in financial reporting as presented by Auditor of State Mary Taylor and numerous Certificates of Achievement for Excellence in Financial Reporting as awarded by the Governmental Finance Officers Association.

**LEVY:**

The Twinsburg School Districts appreciates the support of our local community. At the November 6, 2007 elections voters renewed a 6.9 mill current expense operating levy and a 2.75 mill permanent improvement levy. In November 2004, voters approved a 4.65 mill Emergency levy, generating four million dollars annually. The levy was set at a minimum amount with the hopes of maintaining current programming. Fiscal year 06 was the first full year of collections for this emergency levy. This levy will be eligible for renewal at the November 2008 elections. Lastly, a 6.9 mill emergency levy originally approved in 2001 will be eligible for renewal in two years.

**HOUSE BILL 66:**

State legislation enacted July 1, 2005, House Bill 66 (HB66), eliminates the taxation of *Tangible Personal Property* (TPP). Tangible Personal Property along with Residential and Business Property taxes, are the major source of funding for our school district, accounting for approximately 82% of revenues while state support provides about 7%. The District will receive no increases in these key sources of funding. [http://tax.ohio.gov/divisions/personal\\_property/PPT\\_law\\_changes\\_070303.stm](http://tax.ohio.gov/divisions/personal_property/PPT_law_changes_070303.stm). Click on this link to see HB 66. The Ohio Department of Education (ODE) and the Ohio Department of Taxation (ODOT) have jointly developed a spreadsheet to assist with the TPP phase out. Visit the web site [www.ode.state.oh.us](http://www.ode.state.oh.us) for documentation.

The Calendar/Tax Year (TY) phase out schedule for state reimbursement of TPP losses on machinery, equipment, furniture and fixtures (MEFF) is TY2010=0, TY2011=17.6%, TY2012=35.3%, TY2013=47.1%, TY 2014=58.8%, TY2015=70.6%, TY2016=82.4%, TY2017=94.1%, TY2018=100%. For the Twinsburg School District the base year TPP taxes are \$9,758,263. According to ODOT information Twinsburg Schools will not collect \$1.4 million as the phase out begins in 2011, followed by \$1.7 million and \$2.2 million and so on until the phase out is completed and the District is faced with a Fiscal Emergency.

**STRATEGIC PLANNING:**

The Twinsburg School District has recently completed a Strategic Planning process. The process sought input from first of all parents and community members and then also from staff and administration. Community surveys gathered data about the issues most concerning to stakeholders. Several issues seemed to surface consistently. These issues were academic excellence, shared financial responsibility, safety, communications, student services and opportunities, and quality fiscal assets. A Vision, Mission statement and a set of common Beliefs were developed. Continuing the process, six Goals along with action steps and a time line were produced. The Strategic Plan received Board of Education approval May 7, 2008.

**REVENUES:**Line 1.010 - Real Estate Taxes (54%)

The estimate of Real Estate taxes was developed in two ways. First, the estimate was developed using the current certificate and data on new construction. To this was added a projection of taxes generated from the reappraisal and triennial updates. Then year-by-year figures were generated using this data. Second, historical year-by-year growth rates were used to forecast a reasonable and cautious estimate of future growth rates in Real Estate taxes. Monitoring of real property tax collections is crucial as this represents about 54% of our district revenues. The current negative economic outlook in the housing market tempers these projections. We are projecting very small incremental increases. HB 66 shifted a half mill of the tangible collections to real property, eliminated the 10% discount on commercial real estate and HB119 gives senior citizens a \$25,000 exemption.

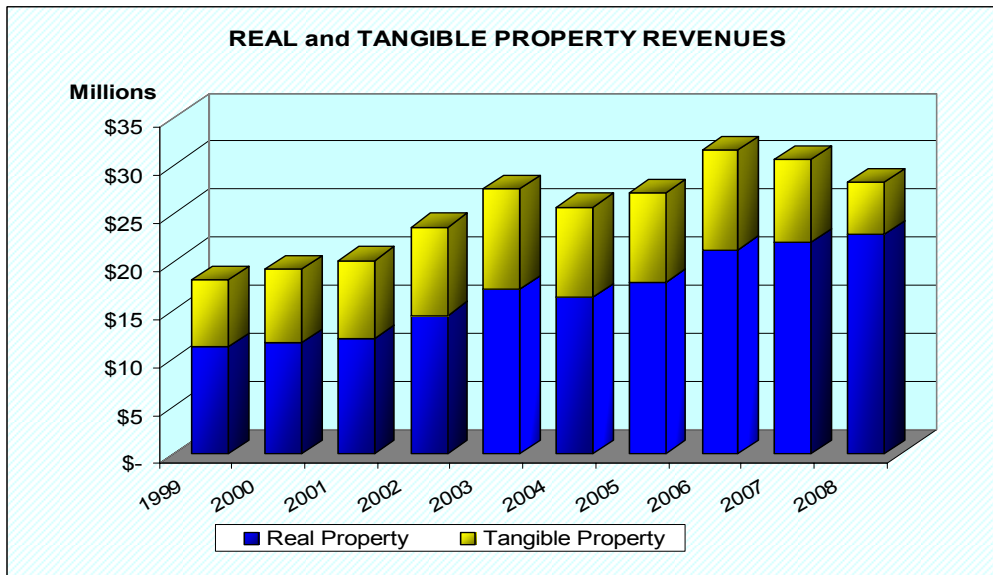

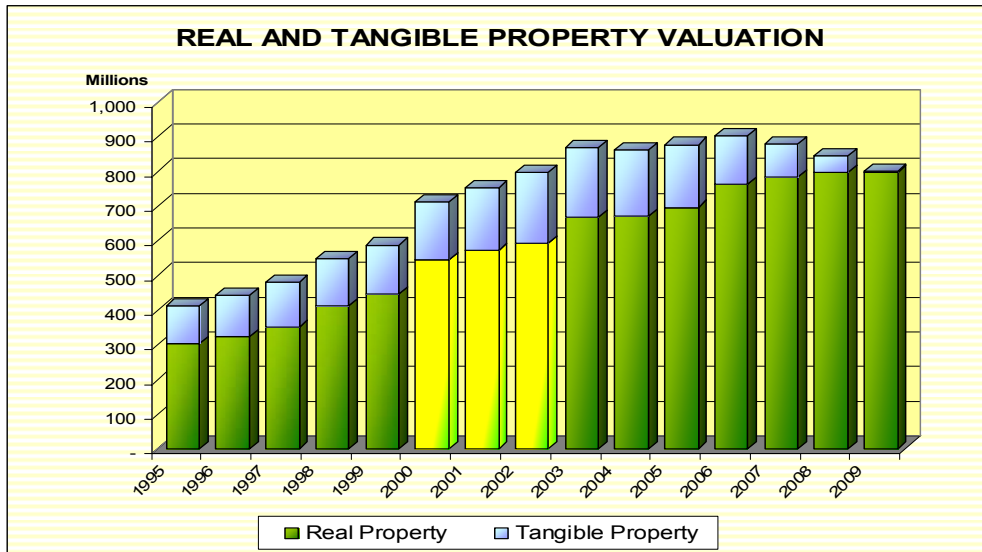

HB920 states that tax collections on voted millage may not increase due to inflation or reappraisal unless the district is below the 20-mill floor. For Twinsburg the calendar years for reappraisal and updates are 2008 and 2011 for collection in the calendar years 2009 and 2012. The Housing

Market/Home Mortgage fiasco has prompted the Ohio Department of Taxation to warn Districts that the Reappraisal figures may not increase and could actually decrease Real Estate Valuations.

Line 1.020 – Tangible Personal Taxes (20%)

Tangible Personal Property (TPP) taxes have been perhaps the most volatile of the revenue elements. Assessment rates that were as high as 88% in the 1960’s will be zero by 2010. Initially, the State of Ohio enacted legislation to eliminate the tax on business-inventories over a twenty-five year period. Subsequent State Budget Bill HB95, passed June 2003, doubled the reduction rate. Additionally, HB95 phases out over a ten year period the reimbursement school districts receive for the \$10,000 tangible personal property tax exemption. The district stands to lose \$226,800 in annual revenues as this exemption is phased out.

State Budget Bill HB 66 is legislation to eliminate the tax that businesses pay on virtually all Tangible Personal Property (see chart below). For fiscal year 2005, TPP tax collections represent \$9.8 million or approximately 28% of revenues the District receives. To lessen the impact of this catastrophic loss the State will reimburse districts for five years the amount of lost revenues and then incrementally eliminate this reimbursement by 2018. The reimbursement is frozen based on tax year 2004 values and will come to the District through a combination of state foundation payments and direct payments.

Tangible Personal Property historically had been a growing source of revenue that helped the District to keep pace with inflation and increasing costs. In the decade prior to 2001 TPP values nearly doubled. Not only will the local revenues of \$9.8 million be eliminated, but also any additional revenues from future growth will go unrealized. By 2018 this would equate to about a \$16 million loss at a conservative 3.5% growth and/or inflation rate. Combining the reductions in Tangible Personal Property with utility deregulation reductions, the State of Ohio has put this District and many others in the precarious position of contemplating deep reductions in services to our kids and pursuing additional funding at the local level.

Line 1.035 – Foundation Program (7%)

The Foundation Program is the State aid program for school district operations. Fiscal year 2008 data is available from ODE and fiscal year 2009 data is based on ODE simulations. The state does not provide data beyond fiscal year 2009. Twinsburg has been a “guarantee” district meaning the district received the same funding as in the prior year even though student population increased. The State’s current budget bill, HB 119, has eliminated all but one guarantee. Due to the District’s relatively high ratio of property value per pupil, foundation aid from the State is and will remain a relatively minor portion of total revenue.

Under the State’s current biennium budget bill the State Foundation Aid per pupil amount is \$5,565. After the State reduces this amount by what is called the “charge off”, Twinsburg Schools receive \$727 per student per the October 2007 SF-3 line 21. Eroding local resources further, charter schools draw the entire State Foundation Aid of \$5,565 right off the top and not the \$727 the district actually receives. Furthermore, charter schools do not have to pass levies and operate outside many of the legal requirements placed on public schools. Future years are very speculative in light of recent State budget bills and State officials stating they feel public education is already adequately funded.

As the TPP tax is phased out, the State will provide limited reimbursements (time and amount) to districts through the foundation program and direct payments. Tangible revenues will decrease, Foundation revenues will increase, and Homestead and Rollback revenues will raise then fall to original levels. The flow of these revenues will come via a Commercial Activity Tax. Interestingly, revenues that once flowed from local sources will now flow from the State, appearing as if the State has increased funding to education. The net effect is an overall reduction of revenues to the Twinsburg School District and many Ohio schools.

Line 1.050 – Homestead and Rollback including Direct TPP payments (15%)

Homestead and Rollback payments come from the State. These payments represent the reimbursement of a 10% discount given property owners and an additional 2.5% discount is given to owner occupied parcels. Because of the relationship between the discount and Real Estate taxes, Homestead and Rollback payments will mirror Real Estate taxes themselves.

Direct payments from the State to reimburse for TPP tax revenue losses will flow through this line as required by the Auditor of State’s Office. As TPP values decrease, State foundation funding increases and the direct payments are reduced by this amount. Furthermore, Commercial property will no longer receive the 10% discount as HB 66 shifts the tax to the Real Estate line. Also affecting this line is the recently approved \$25,000 exemption for senior citizens. Because of all the changes in the law, this line will not be comparable to prior years. [http://tax.ohio.gov/divisions/communications/cat\\_other\\_taxLaw\\_changes.stm](http://tax.ohio.gov/divisions/communications/cat_other_taxLaw_changes.stm)

Line 1.060 – All Other Sources (4%)

All other revenues include interest on investments, tuition, rental fees, and miscellaneous receipts. As the Federal Reserve cuts interest rates in response to the sub-prime home mortgage fiasco, interest on investments will lag based on the lower interest rates.

**EXPENDITURES:**Line 3.010 – Personal Services (60%)

Salaries for fiscal 2008 are based upon the current contract for certified staff. Future salaries and wages are estimated from several items. Over the past three years a typical teacher has received an average 4% step increase and a 3% wage increase per union contract. An estimate via state software of the average certified step increase is added to the current estimate of historical trends. After postponing for several years the hiring of additional certificated staff, five new certificated positions were filled for the 2008 fiscal year. Student population is projected to grow around 60 kids per year increasing the need for additional staffing. Classified staff estimates are soft because a new collective bargaining agreement, ongoing since December 2005, has just concluded. Settlement of the classified contract will impact this line item as two years of retro-active wage increases were negotiated along with the current years wage increase.

With the past fiscal crunch in the District, staffing has been and continues to be closely scrutinized. Several positions including two assistant principals and a business manager have not been filled. In light of looming deficits and with salaries and benefits accounting for 83 cents of every dollar spent in fiscal year 07 the District may not be able to meet future staffing expectations.

Line 3.020 – Employee Retirement and Insurance (23%)

Fringe benefits are calculated as a percentage of total salaries and wages. Costs for benefits include 14% for retirement (STRS and SERS), 1.45% for Medicare (for employees hired after 1986). Worker's comp premiums are on the rise and Health Care costs have increased dramatically over the past years. Health care costs since fiscal year 1999 have nearly tripled and continues to out-pace inflation growing annually at about ten percent for the past several years.

Line 3.030 – Purchased Services (8%)

Purchase Services represent everything from insurance to copier leases to legal fees to health/nursing related services to tuition costs for students educated by other districts. Increases in utility costs are a major factor in this increase. The District has utilized the buying power of the Ohio School Council Consortium. Vendor agreements with Ohio School Council for electricity will end soon and participants may see a sizable increase in their electric bills. Also increasing are the costs for services for special needs students, test scoring, and professional development. Purchased Services are projected to increase in future years to cover inflationary costs and costs for increased student population.

Line 3.040 – Supplies and Materials (3%)

This includes educational supplies, textbooks, as well as cleaning supplies. The recent sizable run up of bus fuel prices will have a detrimental impact on this line. Additionally, tires and repair parts for the District's fleet of buses are incorporated in this category. The District participates in several purchasing consortiums to reduce expenditure costs on routine purchases. Increases for future years are projected to cover ADM growth, inflationary movement and price gouging on fuel purchases.

Line 3.050 – Capital Outlay (0%)

The Permanent Improvement fund is used for capital expenditures, and the District has not budgeted equipment expenditures for the General fund.

Line 4.300 – Other (Expenditures) (2%)

The major expenditures for this category are non-discretionary fees associated with Summit County tax collection process in addition to fees the State charges. These fees are set by laws and cannot be changed by the school district. Also included in this category are audit costs, county educational service center costs, membership fees, etc.

---

---

Minutes of REGULAR MeetingMay 21, 2008

---

---

Lines 4.020 to 4.060 – Repayment of Debt Service (4%)

The Debt Service for the June 2001 Tax Anticipation Note was paid off in December 2006 (fiscal year 07). January 2003 the District began a House Bill 264 Energy Conservation Project. The District financed the \$1.2 million project through the OASBO Asset Pool borrowing funds for fifteen years. Payments of these obligations are to be made from the reductions in utility expenditures realized by the energy conservation improvements in the District.

**CONCLUSION:** A prudent reader should not make assumptions or believe that this forecast by its nature conveys anything more than an indication of a probable future financial position of the School District. Events and circumstances frequently do not occur as expected and could seriously jeopardize the accuracy of the forecast and assumptions. Therefore, professional discretion, diligence, caution, and care are required when using and interpreting forecast information.

Future revenue streams are very soft numbers in light of HB 66 and the State's reluctance to fully fund education on Ohio. The State budget is for two years and the State does not provide any reliable budget data beyond June 2009. Furthermore, HB 66 demonstrates the State's ability and willingness to significantly alter the collection of Local Tax Revenues upon which Twinsburg Schools depend. The State Budget Bill HB 66 is still causing uncertainty and increasing the level of forecasting difficulty. This forecast is developed using the current fiscal year's expenditures, weighted appropriations and estimates of expenditures for the next four years. The District's major sources of revenue for the current fiscal year are property taxes as certified by the County Fiscal Officer and State Foundation Aid from the SF-3. As part of the administrations fiduciary duties, continual efforts are made to reduce expenditures below trend and to find additional sources of revenues. These efforts manifest themselves in the forecast as variations and fluctuations over time and are not indicative of miscalculations but longitudinal dynamics.

Public education is facing a difficult road ahead. The challenges are to provide an ever increasing level of services to children with diverse abilities, needs, backgrounds, cultures, and requirements. This must be done with a level of funding that is neither stable nor predictable. HB 66, Charter Schools, and expanding voucher programs are perniciously nibbling away at public education funding. Oftentimes stakeholders are more concerned with their own special interests than what is best for the education of the students.

Could some day there be communities in Ohio where public schools do not exist? In many communities the local school district is the largest employer.

 ***The State Budget Bill HB 66 will have a Tremendous Impact on Twinsburg Schools as the Tangible Personal Property Tax revenues are phased out by 2018. That will require major budget cuts, including staff reductions unless replacement revenues can be obtained.***

Respectfully Submitted  
Martin Aho, Treasurer/CFO
