Presentation

**RB CHAMBERLIN  
MIDDLE SCHOOL  
AUDITORIUM**

*presented by*

**Akron Children's Hospital  
and the Twinsburg City  
School District**

In a world where trauma has become a part of our experiences, we all want to find better ways to respond to and support our students. This event is a great way to help you better understand your child's needs.

## Healthy, Happy and Whole:

### An Introduction to Trauma and How It Impacts our Students' Lives

Akron Children's Hospital is partnering with the Twinsburg City School District as they are dedicated to helping schools better understand how students experience traumatic events and how to help them through these challenging times. Our speaker, Melissa McClain, who recently presented to all Twinsburg City School District staff, is returning to present to our parents and caregivers of our students. Her presentation will cover the basics of trauma, what types of trauma students may face, and how trauma can affect a student's physical, emotional, and cognitive abilities.

*Though walk-ins are welcome for the presentation, please RSVP your attendance for dinner and/or need for childcare:*
